School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

MISSION STATEMENT

The mission of Los Cerritos Middle School is to promote a safe, engaging, and academically demanding environment where all students challenge themselves to meet high personal and scholastic standards.

SCHOOL DESCRIPTION

We understand, value, and address the complex social, emotional, and physical needs of middle school students. Working as partners with their parents, we guarantee them a quality education through a varied, comprehensive, and rigorous curricular and extra-curricular program designed to nurture ethical citizens and life-long learners. We continually strive to improve the learning environment and programs for all students. Our standardized test scores and proficiency levels are among the top in English and Math in CVUSD and the county. Our school is unique among middle schools because it offers innovative programs specifically designed for the changing needs of our middle school students.

Our teachers believe in constant growth and development of the teaching practice. This growth and development is an integral part of the school as our teachers use collaboration time every Tuesday from 1:55 pm to 3:10 pm to work within their content area and with other content areas to develop, the most innovative and engaging lessons for students. In addition, we are a Professional Development School (PDS) with California Lutheran University. This partnership benefits Los Cerritos Middle School in various ways. As we host Teacher Candidates during their middle school semester of student teaching, these Teacher Candidates work collaboratively with our teachers and become assistant teachers in the classroom. Additionally, we work with CLU Professors to remain on the cutting edge of the best practices that teachers are developing at the university level. This partnership, along with our site collaboration time, allows our school to develop effective research based teaching methods including Problem Based Learning (PB), Project ACT (active collaborative transformative teaching and learning), Stanford Writing and Constructive Conversation Model, and other various differentiation techniques.

Our staff is committed to creating an educational environment that we would seek for our own children. In order to support the continued growth of the students at Los Cerritos, we have incorporated two cornerstone programs and modified them to meet the needs of our students and families. We strive to know our students' strengths and areas for improvement and have formalized reporting mechanisms to help measure, monitor, and intervene to help all student reach their potential. Our Response-to-Intervention (RtI2) program offers targeted re-teaching of concepts for struggling students while offering enrichment opportunities and teacher directed study halls to those who are meeting curricular expectations. Each method enables us to diagnose individual student progress and school-wide progress to address the needs of individual students. The safety and security of our students is paramount. Our leadership team and teachers have incorporated the CHAMPS model to create a positive behavior support and management program based on teachers building and implementing a proactive and positive approach to classroom management, adopting common language among staff to address issues, and a focus on continuous improvement. The Ventura County Office of Education has named Los Cerritos a model program in our county based on our commitment to the CHAMPS program.

Los Cerritos Middle School intends to find a niche for every leopard. It is our desire to know students and to offer a meaningful activity that addresses their natural propensities. Our performing arts program features an awarding winning choir, band, and orchestra encompassing over half our student body. The Los Cerritos Leadership Program highlights three unique classes allowing students an opportunity to develop student-based activities while working to create a school environment that is supportive, nurturing, and fosters the "leopard" spirit. Opportunities for students to connect are widespread including the Builder's service club, the ski and snowboard club, and many other organizations that allows our students to find a meaningful and positive school connection.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: July 2018

All K-12 students have current standards-based textbooks in math, science, history/social science, and English/language arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District (CVUSD) Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, math, history/social science, science, health and foreign language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing current state standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. On October 16, 2018, the CVUSD Board of Education approved a resolution for the 2018-2019 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance and Operations, Director of Planning and New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Notes include items that could improve the utility, appearance, sustainable maintenance, or safety of the school and are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District schools' needs and the funds available to address those needs. The Board of Education approves the final list in the spring, so the majority of the projects detailed are completed the following summer. Funds available through participation in the State's Deferred Maintenance Program represent a significant source of support for the annual Major Projects List each year. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction and has had no required contribution to the Deferred Maintenance Fund since the 2008-09 school year. Therefore, the State's annual contribution is available to use for other "educational purposes". This flexibility continues through the current school year. Deferred Maintenance Program projects will be prioritized and financed with carryover funds from previous budgets or as augmented by future funds.

The District provides 2.5 full-time custodians at Los Cerritos Middle School and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Los Cerritos Middle School was opened in 1972. Sited on 18.0 acres of land, the school has 46 classrooms, a multipurpose room, a library, and an administration building. The campus underwent modernization beginning in 2001 with the addition of a new gymnasium. In 2007, upgrades and replacements were made on underground utilities, restrooms, doors, and improving accessibility under ADA. In 2007, a two-story classroom building addition was completed. The campus also houses a Boys and Girls Club. The current capacity at Los Cerritos Middle School is 1,239 students. The District Site Inspection Team assessed the school on 1/4/19.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	72.0	69.0	67.0	63.0	48.0	50.0
Mathematics (grades 3-8 and 11)	69.0	63.0	59.0	57.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Our award-winning Parent Teacher Student Association (PTSA), including a very active student branch, provides our school and students with leadership, volunteers, classroom support, programs, projects, and activities. Our School Site Council (SSC) meets monthly to oversee the general school program and allocation of state improvement funds to meet school goals. To learn more about our programs and how to participate at our school, please call the front office at (805) 492-3538 and ask for the name and number of the current Volunteer Coordinator or the Principal.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2017-18)

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

Professional Development (Most Recent Three Years)

The Conejo Valley Unified School District is committed to providing professional learning activities for all classified and certificated staff members. Staff continues to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards. A robust professional learning effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities. The District's Local Control Accountability Plan (LCAP) prioritizes an entire goal with subsequent actions and services in order to "ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes."

Professional learning strategies such as workshops, institutes and academies, as well as job-embedded activities relate to College and Career Readiness, Positive Behavior Support, Smarter Balanced Assessments, and other required skills and competencies to meet the needs of all students. Professional learning topics align with District and school site needs identified through and outlined within the District's LCAP goals and the schools' School Plan For Student Achievement. Professional learning for high school faculty and staff members align with each school's WASC action plan.

The District also provides an accredited and free Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

Site administrators receive continuous training at bi-weekly meetings and through a full-day training at the start of the school year. In addition, the Ventura County Office of Education offers a professional learning series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, social-emotional learning, supervision, evaluation, and leadership.

In addition to professional learning activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional learning activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in three full-day trainings to support curriculum, instructional technology, assessment, report cards, instructional strategies, and the use of data to teach all students.
