## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2017-18)

### MISSION STATEMENT

Glenwood Elementary School's educational setting encourages students to reach their full potential academically, socially, physically, and emotionally.

- Glenwood students experience the excitement of learning in an environment that promotes not only basic skills, but also critical thinking skills, problem-solving skills, and the ability to access information.
- Glenwood students work toward acquiring the learning skills of communication, collaboration, critical thinking, and creativity in the context of "lifelong" learning with interactive technology and media.
- Glenwood provides a safe and orderly school climate promoting positive self-esteem, responsibility, citizenship, and achieving one's personal best.
- Glenwood honors, recognizes, and respects the cultural diversity on campus by celebrating the uniqueness of each individual student and staff member; all keys to a stronger learning community.
- Glenwood students and staff explore the blocks of John Wooden's Pyramid of Success and are reminded daily "The Choice for Success is Always Yours".
- Glenwood students, staff, and parents support the school motto, "Keep Your Eyes on Excellence and Take Pride in Your School, Your Work and Your Name" in and out of the classroom.

### SCHOOL DESCRIPTION

Glenwood Elementary School is one of seventeen elementary schools in the Conejo Valley Unified School District. Opening doors in 1963, Glenwood's community is rich with cultural, linguistic, and socioeconomic diversity. Goals are reflected in the Single Plan for Student Achievement and demonstrate the quest for high student performance for all students in reading, writing, math, and communication skills. To this end, student data is gathered and monitored regularly in scheduled data team meetings. The staff uses data from trimester progress reports, report cards, grade level and trimester Benchmark assessments, and classroom assessments to monitor student progress and plan interventions and instruction. Glenwood's E-Block provides English Language Learners with daily instructional time for the development of English skills with district-adopted curriculum. All students have a 30 minute dedicated time period four days a week using credentialed academic specialists for focused instruction in language arts and math called Target Time. Target Time allows credentialed staff to develop small group targeted instruction to focus on targeted skills. Four Target Time sessions during the year strategically place students into groups for targeted instruction for Language Arts and/or math. Glenwood hosts an after school program with the ASES Grant with STAR Inc. that serves over 100 students each school day providing tutorial, homework, and supplemental activities in the fine arts and science until 6:00 p.m. A local community church provides free weekly tutoring services for the students on their site two day a week for students in grades 1-3. After the Winter Holidays, after school enrichment classes are offered for sewing, fun with food, and soccer with students applying math skills for measuring, patterns and problem solving.

Our gifted teachers work collaboratively in order to examine data and plan appropriately, differentiating instruction based on the needs of the students. Common planning time is arranged into their weekly schedules to provide opportunities for weekly collaboration among grade level teachers. Teachers and Intervention Specialists meet monthly to review student data and plan intervention and enrichment instruction in reading and mathematics. A school-wide program called E-Block for English Language Development is provided each morning and ensures that all students are leveled in small groups and receive differentiated instruction in language development. English Language learners are engaged using the district's adopted Carousel of Ideas Materials. English-Only students enjoy the enrichment of Book Clubs, Literary Circles, iPad investigations, photography, and additional computer skills practice.

We are pleased to be able to support our students with a part time bilingual counselor and a part-time bilingual Parent Outreach Coordinator position. They work to support our students and coordinate our parent education meetings. They bring resources to assist any at-risk families and guide them to the many community resources available. In addition, we are grateful for the support of four bilingual paraprofessionals who work on our campus daily providing translation services and support in every classroom.

**A. Conditions of Learning**

**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

**Year and month in which data were collected:** July 2017

All K-12 students have current standards-based textbooks in Math, Science, History/Social Science, and English/Language Arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District Board of Education adopts textbooks within the timeline provided and approves standards-aligned books for Grades 9-12. In addition, the State Board of Education provides approved lists from which the local Board of Education selects books and materials for Grades K-8. We have purchased sufficient standards-based textbooks and instructional materials for all students in English, Math, History/Social Science, Science, Health, and Foreign Language. Each year, sites receive specific Science supplementary funds for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee comprised of teachers and administrators representing all targeted grade levels and charged with the responsibility of reviewing current state standards and frameworks. This includes analyzing student data, writing courses of study (as required), and selecting and maintaining current instructional materials. Their goal is to achieve high academic standards for all of our TK-12 students. In addition, they review each major subject area and adopt under the guidance of the California Department of Education and State Board of Education by submitting recommendations to the Board of Education for final approval. The recommendation to the Board includes basic textbook materials as well as supplementary materials within the subject. CVUSD is currently working within the adoption process for Math at Grades 9-12. On October 17, 2017, the CVUSD Board of Education approved a resolution for the 2017-2018 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance & Operations, Director of Planning & New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Items noted which could improve the utility, appearance, or safety of the school are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs and the funds available to address those needs. The final list is approved by the Board of Education in the spring, with the majority of projects completed the following summer. Each year, the District participates in the State's Deferred Maintenance Program and these funds have been a significant source of support for the annual Major Projects List in recent years. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction (OPSC). The District has not been required to make its normal contribution to the Deferred Maintenance Fund since the 2008-09 school year and the State's annual contribution has been utilized for other "educational purposes", with this flexibility continuing through the current year. Deferred Maintenance Program projects will be prioritized and funded with carryover funds from previous budgets or as augmented by future funding

The District provides 2 full-time custodians at Glenwood Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Glenwood Elementary was opened in 1963. Sited on 10.01 acres of land, the school had 27 classrooms, a multipurpose room, a library, and an administration building until 2010 when the site was expanded and the campus divided to accommodate Bridges, a new Charter school. The campus underwent modernization in 2000, replacing and upgrading underground utilities, restrooms, doors, and improving accessibility under ADA. The current capacity at Glenwood is 510 students. The District Site Inspection Team assessed the school on October 24, 2017

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	42	34	66	67	48	48
Mathematics (grades 3-8 and 11)	28	28	58	59	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	162	158	97.53	33.76
Male	90	87	96.67	31.4
Female	72	71	98.61	36.62

English Learners	124	122	98.39	31.15
Students with Disabilities	24	23	95.83	9.09
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	37	55	80	77	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2016-17)**

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	34.4	13.1	11.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

---

#### OPPORTUNITIES FOR PARENTAL INVOLVEMENT

Glenwood Elementary School has a hardworking parent community who are constricted at times by work schedules but support the school in whatever capacity they are able. Glenwood's Parent Teacher Association (PTA) continues to work on increasing parent involvement at the meetings. Parents involved in the PTA are English only, Spanish only, and bilingual parents who join with the common goal of providing experiences for and supporting the students of Glenwood. Dedicated and hard working parents always show up to work and support school-wide events like the fall Monster Mash, the annual Holiday Pancake Breakfast, and the Spring Jog-A-Thon. Proud parents take pictures of their students as they perform at the band and choir concerts during the year.

Glenwood Elementary has both a School Site Council (SSC) and an English Learner Advisory Committee (ELAC) composed of parents, teachers, and staff. The Site Council, assisted by the English Learner Advisory Committee, develops an annual School Plan for Student Achievement and a budget to support implementation of the goals outlined in the school plan. Parent classes on a variety of topics are held throughout the year. Adult English Languages classes, parenting classes and, nutrition classes are provided at no cost to interested parents. These classes include free childcare.

We encourage you to visit Glenwood Elementary and see why this is such a special place to grow and learn!

Contact Glenwood's Principal, Vivian Vina, at (805) 495-2118.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2017-18)

---

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

**Types of Services Funded (Fiscal Year 2016-17)**

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

### Professional Development (Most Recent Three Years)

The Conejo Valley Unified School District is committed to providing professional development activities for all teachers and administrators. Both groups continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and beyond. A robust professional development effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities.

Professional development strategies such as workshops, institutes and academies, as well as job-embedded activities relate to College and Career Readiness, Smarter Balanced Assessments, and other required proficiencies meeting the needs of all students. Professional development topics align with District and school site needs identified through and outlined within the District and schools' LCAP goals. Professional development for high school faculty and staff members align with each school's WASC action plan.

The District also provides a free New Teacher Induction Program to first and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

The Ventura County Superintendent of Schools Office offers a professional development series specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, literacy intervention technology, supervision, evaluation, and leadership.

In addition to professional development activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional development activities to every educator to improve the instructional process and enhance student achievement. Teachers and administrators participate in full-day trainings to support instruction, including the opportunity to collaborate with their colleagues. In addition, the District provides all teachers with 18 hours per year of staff development completed outside of their workday related to curriculum, instructional technology, assessment, report cards, instructional strategies, and using data to close the achievement gap. These 18 hours are completed through a combination of resources including workshops, conferences, and online and virtual professional development.
