## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

#### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-17)

#### MISSION STATEMENT

Madroña Elementary School is a caring community working together for the education and well-being of our children. We constantly refine, adapt, and strengthen our strong academic program. Madroña's mission focuses on student academic, social, physical and psychological growth; the right of every child to a challenging educational program; a hand-in-hand relationship between home and school; and a commitment to life-long learning.

#### SCHOOL DESCRIPTION

Madroña is a neighborhood school within the surrounding community of Thousand Oaks, California. Madroña is home to approximately 440 students and 50 staff members. In the spring of 2012, Madroña Elementary School was recognized as a California Distinguished School due to our excellent standards-based academic program.

The staff at Madroña is dedicated to meeting the needs of all of the students through a high level of academic instruction, extension activities and intervention supports. Madroña is in its second year of a school wide focus on academic vocabulary. New words are introduced and reviewed each month in the classrooms, in a weekly principal letter and during morning announcements. Students have the opportunity to participate in a variety of enrichment programs during the school day: physical education, art, music, library, dance and computers. In addition, students who are identified as Gifted and Talented Education (GATE) receive differentiated instruction in the classroom setting and may choose to participate in after school enrichment activities once a month. Madroña utilizes two web based programs, Moby Max and Raz Kids, to further extend and support students' academic skills in reading and math. In terms of interventions, Madroña offers reading specialist support for students in 1st - 4th grades with an emphasis on phonics, reading fluency, reading accuracy and reading comprehension. In the fall of 2015, Madroña implemented a school wide MTSS (Multi-Tiered System of Supports) program called Pride Time where students in grades K - 5 are placed in specific classes based on their academic needs. Past class topics have included: English Language support, Spanish enrichment, STEAM, poetry, and literature circles. Madroña also provides students in K, 3rd, 4th and 5th grade with after school academic intervention through a program called A.I.M. (Academic Intervention and More) which provides homework assistance and skills practice. Students who need to strengthen their English language skills, participate in a before school Rosetta Stone Club. Math support is also provided for students in fifth grade. Finally, Madroña offers an integrated program where students from three L.E.A.P. (Learning Essentials and Academic Progress) special education classes spend part of the day in a general education classroom with two credentialed teachers.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

**Year and month in which data were collected:** November 2016

All K-12 students have current standards-based textbooks in math, science and history/social science and English/Language Arts. With each curricular cycle established by the State of California, the Conejo Valley USD Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in Grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, Math, History/Social Science, Science, Health and Foreign Language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing state current standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees, comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. CVUSD is currently working within the adoption process for Math and ELA at grades 6-12. On October 18, 2016, the CVUSD Board of Education approved a resolution for the 2016-2017 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Each Fall, all schools in the Conejo Valley Unified School District are inspected by a team which consists of all or many of the following personnel: Site Administrator, Executive Director of Maintenance, Planning and Technology, Director of Maintenance & Operations, Director of Planning, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas, including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any condition observed that represents a concern to the health and safety of students and staff is annotated for immediate correction. Items noted which could improve the utility, appearance or safety of the school are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs, and the funds available to address those needs. The final list is approved by the Board of Education in the Spring, with the majority of projects completed the following Summer.

The District has been fortunate to have strong support from the community. A recently passed \$197 million bond measure is currently in place to address safety and security, upgrade instructional technology and modernization of the facilities, including updating of science, math, and career prep labs. Projects are on-going and will continue for the next 10 years.

The District provides 2 full-time custodians at Madrona School, and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy and attractive learning environments.

Madrona Elementary School was opened in 1964 on an 11.4 acre site. The current capacity is 846 students. The school has 36 classrooms, a multipurpose room, a library and an administration building. The campus underwent modernization in 2003, beginning with the installation of a two-story elevator. In 2004, underground utilities were upgraded along with restrooms, doors, and improving accessibility under ADA.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

One of the strongest partnerships at Madroña Elementary School is with our PTA (Parent Teacher Association). PTA volunteers support the school in many ways, both in the classroom and with school-wide events and programs. Sponsoring numerous community involvement activities and fundraisers, our PTA provides program support for technology, summer incentive reading, field trips, assemblies, Earth Day, Red Ribbon Week, Reflections, Women in History week, a Jog-a-thon, our Talent Show, and a year-end school Carnival. If you are interested in participating in the Madroña PTA please contact the PTA President Roxanne Livia at (805) 498-6102.

Madroña's School Site Council (SSC) is also a way in which parents can be involved at the school site. The School Site Council (SSC) meets on the third Wednesday of each month and is made up of parents and staff members. The SSC approves the budget, the School Plan for Student Achievement (SPSA) and the Safety Plan. All parents are invited and encouraged to participate in School Site Council meetings. Please contact the School Site Council Chairperson Joy Springer at (805) 498-6102 for more information.

We also have three parent volunteers who represent Madroña at the district level: Darlene Lee (GATE DAC - Gifted and Talented Education - District Advisory Council ), Christelle Castillo (DELAC - District English Learner Committee) and Jean Bridges (DAC - District Advisory Council). They can be reached at (805) 498-6102.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan (School Year 2016-17)

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District has also partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

## Professional Development (Most Recent Three Years)

---

The Conejo Valley Unified School District is committed to providing professional development activities for all teachers and administrators. Both groups continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and beyond. A robust professional development effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities.

Professional development strategies such as workshops, institutes and academies, as well as job-embedded activities are related to College and Career Readiness, Smarter Balanced Assessments and other proficiencies required to meet the needs of all students. Professional development topics are aligned with District and school site needs identified through and outlined within the district and schools' LCAP goals. Professional development for high school faculty and staff members are also aligned with each school's WASC action plan.

The District also provides, at no cost to teachers, an induction program (New Teacher Induction) for first year and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

The Ventura County Superintendent of Schools Office offers a professional development series that is specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, literacy intervention technology, supervision, evaluation, and leadership.

In addition to professional development activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional development activities to every educator to improve the instructional process and enhance student achievement. The District provides all teachers with 18 hours per year of staff development related to curriculum, instructional technology, assessment, report cards, instructional strategies and using data to close the achievement gap.
