## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2016-17)**

#### **MISSION STATEMENT**

Mission Statement: "To provide a modern, personalized approach to learning that will inspire our students to reach their full academic potential."

Our Mission Statement and SLOs (School-wide Learner Outcomes) are: All Century Academy graduates will be Technologically prepared to participate in the global community, be Engaged in a process of personal and academic growth, be Critical thinkers, Hold the keys to unlock the opportunities of life-long learning, be Independent learners who understand the value of collaboration, be Empowered to manage the time demands of a multimedia culture, and be Socially responsive to our local global communities. Students are taught to embody the schools mission: To provide a modern, personalized approach to learning that will inspire students to reach their full academic potential. The SLOs are annually monitored for relevance and serve as overarching goals for daily interaction on campus. All instruction is aligned with state and district content and performance standard. Century Academy has a clearly stated vision and mission statement that is based on student needs, educational research and the belief that all students can achieve at high levels.

#### **SCHOOL DESCRIPTION**

Century Academy, an alternative high school of choice, It is an online/on ground hybrid college prep school. It is a student-centered public high school that partners students, parents, and staff to provide a dynamic learning environment that promotes high academic achievement, personal and social responsibility. Century Academy actively engages and empowers the student in the process of learning so that they may be better prepared to responsibly participate in a diverse, complex, and ever-changing democratic society. We understand the importance of establishing a guiding vision and philosophy that directs and nurtures student growth and achievement and supports our expected school-wide learning results. The school vision communicates our belief that students learn in a variety of ways and that we are in a shared partnership with parents and students. We are aware that our world has become a global community and that technology is one of the pathways to participation. We further understand that productivity in this community will require collaboration as well as independence. Century Academy provides unique opportunities for students to achieve high standards of academic achievement and success. We believe we must meet students where they are academically and take them beyond their current limitations. The individualization of our curriculum is evidence of this philosophy. Through a blend of learning modalities including digital learning, direct small group, and individual instruction; Century Academy provides a rigorous curriculum that meets the needs of all levels of students in search of a successful alternative to the rigid schedule and demands of a traditional high school.

An alternative education task force was created in 2009 in order to fully assess the student need, research the best possible programming, and implement a cutting edge educational opportunity to successfully lead our students into a technology driven 21st century society. Led by the Assistant Superintendent of Instruction, the Director of Secondary Education, the Alternative Education Principal, Independent Study Coordinator, and Alternative Education Counselor, discussions began taking place with school principals and other invested district staff about the creation of a school that would serve not only the highest performing students, but also lower performing students struggling to graduate from high school. Visits were made to Independent Study programs and alternative schools within and outside the county. Virtual schools and on-curriculum were researched, and the students in the CVUSD Independent Study Program were surveyed. After a thorough investigation, the team concluded that a digital curriculum supplemented with traditional teacher support would be the perfect way to meet the needs of students and parents who desired an alternative to the traditional high school while still obtaining the highest quality education. Student coursework would be customized and designed to meet the personal goals and interests of each individual student. Plans for the school were finalized in 2010 and accepted by the Board in June of that year. Over the summer, facilities were redesigned and upgraded and APEX on-line curriculum was purchased and tested. A principal, coordinator, counselor, and four highly qualified teachers with comprehensive backgrounds in their subject area were hired. The importance of our teaching staff to our success cannot be overemphasized. Since the Century Academy staff was so small and the establishment of protocols and procedures so critical, it was essential that each member of the staff have a large breadth of knowledge and the skills to work with all levels of students with very diverse backgrounds. With a dedicated, qualified and professional staff in place, Century Academy proudly opened its doors on August 25, 2010 with the mission of providing a customized, flexible, and rigorous online learning opportunity for the students and families in the Conejo Valley Unified School District.

Century Academy received a six year WASC accreditation in the spring of 2014 as well as the California Distinguished School Award in 2013

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

#### Teacher Credentials

Teachers	School			District
	2014-15	2015-16	2016-17	2016-17
<b>With Full Credential</b>	5	7	7	859
<b>Without Full Credential</b>	0	0	0	0
<b>Teaching Outside Subject Area of Competence (with full credential)</b>	0	0	0	15

#### Teacher Misassignments and Vacant Teacher Positions

Indicator	2014-15	2015-16	2016-17
<b>Misassignments of Teachers of English Learners</b>	0	0	0
<b>Total Teacher Misassignments *</b>	0	0	0
<b>Vacant Teacher Positions</b>	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

**Year and month in which data were collected:** November 2016

All K-12 students have current standards-based textbooks in math, science and history/social science and English/Language Arts. With each curricular cycle established by the State of California, the Conejo Valley USD Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in Grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, Math, History/Social Science, Science, Health and Foreign Language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing state current standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees, comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. CVUSD is currently working within the adoption process for Math and ELA at grades 6-12. On October 18, 2016, the CVUSD Board of Education approved a resolution for the 2016-2017 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

In addition to District and CDE approved textbooks, Century Academy uses APEX Learning, a blended and virtual curricula. APEX offers standards-based digital curricula in English, Math, Science, Social Studies, World Languages, and Advanced Placement. APEX is accredited by the Northwest Accreditation Commission and its courses are approved for National Collegiate Athletic Association eligibility.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Each Fall, all schools in the Conejo Valley Unified School District are inspected by a team which consists of all or many of the following personnel: Site Administrator, Executive Director of Maintenance, Planning and Technology, Director of Maintenance & Operations, Director of Planning, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas, including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any condition observed that represents a concern to the health and safety of students and staff is annotated for immediate correction. Items noted which could improve the utility, appearance or safety of the school are recorded and evaluated for potential placement on the District’s annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs, and the funds available to address those needs. The final list is approved by the Board of Education in the Spring, with the majority of projects completed the following Summer.

The District has been fortunate to have strong support from the community. A recently passed \$197 million bond measure is currently in place to address safety and security, upgrade instructional technology and modernization of the facilities, including updating of science, math, and career prep labs. Projects are on-going and will continue for the next 10 years.

Conejo Valley Adult School shares 2.5 full-time custodians with Century Academy. They follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy and attractive learning environments.

Century Academy School was opened in 2010 as the district’s second Alternative Continuation School. The school is located on the campus of the Conejo Valley Adult Ed School. and has a current enrollment of 83 students.

**Career Technical Education Programs (School Year 2015-16)**

The Conejo Valley Unified School District's School-To-Career program continues to expand under the leadership of the CVUSD's four Career Education Coordinators. This program serves approximately 1,100 students district-wide. About 500 students also participate in School-to-Career's Job Shadow program. The program is made possible through the generosity of more than 100 area businesses, civic organizations, government agencies and non-profit groups that open their doors to students, allowing them to either job shadow or work as interns.

The needs of students in Career Technical Education (CTE) programs are supported by administrators, counselors, the School-to-Career coordinators, teachers and the Student Study Team. The programs are voluntary and have a non-discriminatory recruitment and selection process. Teachers are provided with staff development, other resources, and time to develop instructional strategies that foster critical thinking, problem solving, leadership, and academic skills. Students receive support such as mentoring and tutoring. A high priority is also given to CTE programs, which have traditionally served at-risk students.

The CVUSD is an active participant in the East Ventura County Career Technical Education Consortium and the VC Innovates consortium. The East County consortium group meets on a bi-monthly basis, with the primary objective to strengthen the senior high school (school - to - career) partnerships we currently have, and to encourage new working arrangements with the business community, Moorpark College, and the Regional Occupational Program (ROP) in Ventura County. Several course articulation agreements have already been signed involving the CVUSD, Moorpark College, Oxnard College, and ROP, with others planned in the near future. Moreover, through the SB70 grant attained by Moorpark College over the past five years a number of our 7th grade middle school students have attended a summer camp at Moorpark College focused on career exploration. The VC Innovates consortium meets monthly to plan and develop additional career pathways for our schools (through the use of California Career Pathways Trust Grant funds), and to ensure linked learning opportunities for our students as they move on to community college, four-year colleges and/or the work force

Century Academy students may take part in the ROP programs that are offered at both the county site and at our high school sites.

**Career Technical Education Participation (School Year 2015-16)**

Measure	CTE Program Participation
Number of pupils participating in CTE	N/A
% of pupils completing a CTE program and earning a high school diploma	N/A
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	N/A

**Courses for University of California (UC) and/or California State University (CSU) Admission**

UC/CSU Course Measure	Percent
2015-16 Pupils Enrolled in Courses Required for UC/CSU Admission	N/A
2014-15 Graduates Who Completed All Courses Required for UC/CSU Admission	N/A

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

**Opportunities for Parental Involvement (School Year 2016-17)**

At Century Academy, parents are encouraged to participate in the School Site Council, District Advisory Council and at Parent Nights in the fall and spring. They are also invited to participate in community service projects and special events through Parent Link Naviance and our consistently updated website. Please visit our website: [www.conejousd.org/centuryacademy](http://www.conejousd.org/centuryacademy) or contact the school secretary for further information at 496-0286 x 100.

**State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

Rate	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16
Suspensions	N/A	N/A		3.11	2.80		4.36	3.80	
Expulsions	N/A	N/A		0.03	0.05		0.10	0.09	

**School Safety Plan (School Year 2016-17)**

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District’s Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff’s & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Federal Intervention Program (School Year 2016-17)

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2010-2011
Year in Program Improvement*		Year 3
Number of Schools Currently in Program Improvement	N/A	4
Percent of Schools Currently in Program Improvement	N/A	14.8

Note: Cells with N/A values do not require data.

### Average Class Size and Class Size Distribution (Elementary)

Grade Level	2013-14			2014-15			2015-16					
	Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes		
		1-20	21-32	33+		1-20	21-32	33+		1-20	21-32	33+

Number of classes indicates how many classes fall into each size category (a range of total students per class).

### Average Class Size and Class Size Distribution (Secondary)

Subject	2013-14			2014-15			2015-16					
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1-22	23-32	33+		1-22	23-32	33+		1-22	23-32	33+
English	13.0	6	1		20.0	2	1	1	6.0	5

**Types of Services Funded (Fiscal Year 2015-16)**

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

**Advanced Placement (AP) Courses (School Year 2015-16)**

\*Where there are student course enrollments of at least one student.

## Professional Development (Most Recent Three Years)

---

The Conejo Valley Unified School District is committed to providing professional development activities for all teachers and administrators. Both groups continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and beyond. A robust professional development effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities.

Professional development strategies such as workshops, institutes and academies, as well as job-embedded activities are related to College and Career Readiness, Smarter Balanced Assessments and other proficiencies required to meet the needs of all students. Professional development topics are aligned with District and school site needs identified through and outlined within the district and schools' LCAP goals. Professional development for high school faculty and staff members are also aligned with each school's WASC action plan.

The District also provides, at no cost to teachers, an induction program (New Teacher Induction) for first year and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

The Ventura County Superintendent of Schools Office offers a professional development series that is specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, literacy intervention technology, supervision, evaluation, and leadership.

In addition to professional development activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional development activities to every educator to improve the instructional process and enhance student achievement. The District provides all teachers with 18 hours per year of staff development related to curriculum, instructional technology, assessment, report cards, instructional strategies and using data to close the achievement gap.
