School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

MISSION STATEMENT

As a Gold Ribbon School, the mission of Conejo Elementary School is to empower students with standards-based knowledge, skills and character qualities necessary to lead successful, responsible, culturally respectful, and meaningful lives. High expectations for individual student achievement and behavior are supported through the dedicated efforts and collaborative interaction of teachers, families and our community. Students are given opportunities and tools through Stephen Covey's 7 Habits of Happy Kids Program so they will become:

- Independent learners who have mastered a challenging, core curriculum and believe themselves to be capable, significant and able to mold their own future as they reflect on their personal accomplishments and direct their own thinking
- Skillful communicators who are able to readily acquire and effectively express information, ideas and emotions through reading, writing, speaking, listening and use of technology
- Problem-solvers who are able to generate practical and innovative solutions to complex problems using critical and creative problem solving skills
- Socially conscientious citizens who are responsible for their own behavior, are able to work collaboratively, demonstrate honesty, empathy, fairness and respect for others as contributing citizens in their ever-expanding world

SCHOOL DESCRIPTION

Conejo Elementary is a unique campus in that it houses two schools: a neighborhood K-5 school and the Open Classroom Leadership Magnet (OCLM) a K-5 magnet school. Students on the whole campus share playgrounds, recess times, lunch times and specialists, as well as use of all the school facilities. The neighborhood classrooms follow the standards-based adopted curriculum of our school district and state. Students benefit from several enrichment and intervention opportunities on campus funded through our Title I program. OCLM students participate in a hands-on, standards-based project based learning environment where parent participation is an essential component. Teachers in OCLM have training in working in Open environments where student choice is a part of the school day. The OCLM students also benefit from Title I services on our campus through intervention and computer lab instruction. The whole campus works cohesively to provide the kind of learning environment where students feel respected and honored on a daily basis for their unique talents and individual gifts.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: November 2016

All K-12 students have current standards-based textbooks in math, science and history/social science and English/Language Arts. With each curricular cycle established by the State of California, the Conejo Valley USD Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in Grades K-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, Math, History/Social Science, Science, Health and Foreign Language. In addition, annually, sites receive specific science supplementary funds to be used for consumable laboratory expenses and/or equipment.

The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing state current standards and frameworks, analyzing student data, writing courses of study, as required, and selecting and maintaining current instructional materials. The goal of such district-wide committees, comprised of teachers and administrators representing all targeted grade levels, is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. CVUSD is currently working within the adoption process for Math and ELA at grades 6-12. On October 18, 2016, the CVUSD Board of Education approved a resolution for the 2016-2017 school year declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

Each Fall, all schools in the Conejo Valley Unified School District are inspected by a team which consists of all or many of the following personnel: Site Administrator, Executive Director of Maintenance, Planning and Technology, Director of Maintenance & Operations, Director of Planning, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas, including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any condition observed that represents a concern to the health and safety of students and staff is annotated for immediate correction. Items noted which could improve the utility, appearance or safety of the school are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District school needs, and the funds available to address those needs. The final list is approved by the Board of Education in the Spring, with the majority of projects completed the following Summer.

The District has been fortunate to have strong support from the community. A recently passed \$197 million bond measure is currently in place to address safety and security, upgrade instructional technology and modernization of the facilities, including updating of science, math, and career prep labs. Projects are on-going and will continue for the next 10 years.

The District provides 2 full-time custodians at Conejo Elementary School, and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy and attractive learning environments.

Conejo Elementary School was opened in 1958 on a 12.5 acre site and has a capacity of 637 students. The school has 30 classrooms, a multipurpose room, a library and an administration building. The campus underwent modernization in 2000, replacing and upgrading underground utilities, restrooms, doors, and improving accessibility under ADA.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

There are many opportunities for parents to be involved in their child's educational experience at Conejo Elementary. Parents, Grandparents, and community members volunteer daily in the classrooms, library, office, and computer lab to assist teachers, work in small groups with students, and help with special activities on campus. PFA (Parent Faculty Association) and SCOPE (Supporters of Conejo Open Program Endeavors) provide enrichment for our students by raising money for Art and Music classes and promoting school wide community building activities such as our Movie Night and Family Math and Science Nights. Parents serve on our School Site Council helping to establish our school vision and carry out our school mission, overseeing the annual school plan, and monitoring budgets. Family Nights feature hands-on activities in reading, math, and science and are linked to the classroom instructional program. Our English Learner parents also participate in ELAC (English Learner Advisory Committee) and help guide the program for our English Learners. There are several parent education opportunities on and off campus for our families including: Parents Making a Difference, English Language Classes and parenting workshops focusing on Stephen Covey's 7 Habits of Highly Effective Families. Contact Kari Taketa, Principal, for more information.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-17)

Site specific District Disaster Preparedness Plans and School Safety Plans are developed, revised and updated each year through a collaborative process obtaining appropriate approvals. Safety plans address: a) child neglect and abuse reporting; b) disaster procedures; c) policies and procedures regarding dangerous students and bullying/harassment d) sexual harassment & nondiscrimination policies; e) dress code; f) safe ingress/egress; g) school rules related to discipline and safe schools. Likewise, all school sites routinely practice Fire, Earthquake and Lock Down drills throughout the school year. District policies and administrative regulations are reviewed and updated on a regular basis to remain present-day and consistent with current law.

A well-planned communication equipment system consisting of intra-district two-way radios and walkie-talkies is located at all sites for daily use and in preparation for possible emergency use. Moreover, local bond dollars support needed physical and safety upgrades at all school sites.

The District's Human Resources department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also installed Automated External Defibrillators in nearly all facilities.

The District also has partnered with the City of Thousand Oaks, the Conejo Recreation and Park District and the Ventura County Sheriff's & Fire Departments for coordinating response and resource allocations in major emergencies. Additionally, with the generous support of the City of Thousand Oaks each comprehensive high school enjoys the services of a full-time Student Resource Officer (TOPD).

Types of Services Funded (Fiscal Year 2015-16)

Per pupil expenditures include funds expended for all instructional services. These include transportation, food services, health services, counseling services / mental health services, instructional materials and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI transportation (school choice) and Alternative Support Services (Six elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners / LEP and Immigrant (All Schools) and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the district. The Conejo Schools Foundation, PTA’s and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as: College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education – Ventura County Innovates (CTE) – (Middle Schools & High Schools).

Professional Development (Most Recent Three Years)

The Conejo Valley Unified School District is committed to providing professional development activities for all teachers and administrators. Both groups continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and beyond. A robust professional development effort includes opportunities in researched-based instructional strategies, technological competencies, and Professional Learning Communities.

Professional development strategies such as workshops, institutes and academies, as well as job-embedded activities are related to College and Career Readiness, Smarter Balanced Assessments and other proficiencies required to meet the needs of all students. Professional development topics are aligned with District and school site needs identified through and outlined within the district and schools' LCAP goals. Professional development for high school faculty and staff members are also aligned with each school's WASC action plan.

The District also provides, at no cost to teachers, an induction program (New Teacher Induction) for first year and second year teachers, as well as both a voluntary and required Peer Assistance Review program.

The Ventura County Superintendent of Schools Office offers a professional development series that is specifically designed for district and site administrators. Administrators attend workshops in Common Core Standards, Multi-Tiered System of Supports, performance assessment, literacy intervention technology, supervision, evaluation, and leadership.

In addition to professional development activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The District is committed to providing professional development activities to every educator to improve the instructional process and enhance student achievement. The District provides all teachers with 18 hours per year of staff development related to curriculum, instructional technology, assessment, report cards, instructional strategies and using data to close the achievement gap.
