What is School of Choice?
All of Conejo Valley Unified Schools are considered Schools of Choice. As long as a school is not filled to its capacity with existing students and incoming neighborhood students, students living outside the neighborhood boundaries of a school may apply to enroll in that school. Schools may accept students via School Choice until they are filled to capacity. If there are more applications than available spots for interested students, the District will conduct a random lottery to select the number of students they are able to accept.

Who can apply for School of Choice?
Any school-age child living in the boundaries of CVUSD may apply for School Choice.
*Please note: You do not need to submit a School Choice Application if you are planning to attend your neighborhood school
