to support the needs of English Learners in the area of language and literacy.

#### USE THE SUBGRANT FUNDS TO MEET ALL ACCOUNTABILITY MEASURES

The Conejo Valley Unified School District (CVUSD) has exceeded the targets for AMAO 1 and 2 as well as the AMAO 3 participation rate in 2014-2015. CVUSD's AMAO 1 growth target was 60.5% and the percentage meeting AMAO 1 was 61.4%. CVUSD's AMAO 2 growth target for less than 5 years cohort was 24.2% and the percentage meeting AMAO 2 was 27.8%. The 5 years or more cohort growth target was 50.9% and the percentage meeting was 61.2%. Finally, CVUSD's AMAO 3, participation rate was both met at 99% ELA and 95% Mathematics.

The Coordinator of English Learner Services provides teacher professional development to further improve instructional practices across the district. She is to enhance the professional development that teachers receive to implement the California Standards with pedagogical practices that directly impact English Learners' access across the content areas. Teachers who serve a significant number of ELs are subbed out to participate in the targeted professional learning sessions. In addition, the Coordinator is to provide targeted professional development for administrators in order to augment their understanding of the ELA/ELD Framework, specifically Designated and Integrated ELD instructional practices. The administrators would then further support their teaching staff by conducting classroom walkthroughs in order to identify linguistic and content access barriers that need to be addressed in professional development opportunities in order to improve instructional practices.

Title III funds are used to supplement the educational program to further accelerate English language acquisition and augment core curriculum access for English Learners. A Teacher on Special Assignment (TOSA) is assigned to specifically support the elementary classroom teachers who teach Designated ELD in order to improve instructional practices to intentionally accelerate students' English acquisition. The elementary TOSA is to further support the general education teacher in designing language objectives across the content in order to intentionally integrate ELD instruction across the academic disciplines. In addition, another TOSA is assigned to support secondary schools in both Designated and Integrated ELD instruction for a portion of her day. These services are supplementary and targeted to benefit English Learners' educational process in achieving higher levels of linguistic attainment and academic achievement.

CVUSD provides additional language support services to English Learners such as Rosetta Stone language program. The Title III funds are also used for a Rosetta Stone (RS) support paraprofessional. The RS paraprofessional is to train and support all secondary ELD 1-2 classrooms during their intensive supplemental language program. The RS support paraprofessional is to also further support teachers in the progress-monitoring tool within RS in order to track students' linguistic progress and intervene when necessary and appropriate.

#### HOLD THE SCHOOL SITES ACCOUNTABLE

CVUSD's EL Program includes practices and processes to ensure school sites are held accountable. The following are actions the site administrators must adhere to:

- Regularly analyze CELDT results, district benchmarks and other formative assessments in order to progress-monitor ELs linguistic and academic progress.
- Site principals will conduct regular walkthroughs in order to identify areas of need of professional development.
- Provide language and academic assessment results that will inform needed interventions for ELs.
- Conduct a Language Appraisal Team (LAT) meeting, twice a year to review the linguistic and academic progress of ELs

and Reclassified Fluent English Proficient (RFEP) students. Determine if the student is a candidate for reclassification status and/or identify areas in need of academic or linguistic intervention.

- Use the software, Ellevation in order to disaggregate ELs achievement performance data, provide appropriate supplemental instructional opportunities in order to accelerate their language acquisition and avoid Long-term English Learner (LTEL) status.
- The School's Plan for Student Achievement goals for English Learners aligns to our Title III Plan and Local Control Accountability Plan. Targeted support is provided to schools who have not met Annual Measureable Achievement Objectives.

#### PROMOTE PARENTAL AND COMMUNITY PARTICIPATION IN PROGRAMS FOR ELS

CVUSD will promote parent, family and community participation in EL programs at the district and site levels by implementing the following actions:

- Maintain functioning District English Learner Advisory Committee/English Learner Advisory Committees (DELAC/ ELAC) for parents and the community.
- School sites hold 3-5 English Language Advisory Committees (ELAC) to inform parents and guardians about the EL Program and their child's progress.
- Inform parents annually of their rights and responsibilities in choosing instructional programs for their children.
- Provide translated documents on the district website that may be of particular interest to parents and families.
- Provide training on parent engagement opportunities, understanding CELDT, parent access to attendance and grades.
- Provide parent engagement activities that address the role of parents in assisting their children to increase English proficiency and achieve grade level standards.

<b>C. Required for Year 2</b>	<b>Goal 2 Improvement Plan Addendum* (IPA) for items A-B:</b> N/A				
<b>D. Required for Year 4</b>	<b>Goal 2 IPA* for items A-B:</b>  CVUSD has met AMAO 1 and AMAO 2 consistently for the past 4 years. However, CVUSD has not met AMAO 3-Adequate Yearly Progress for EL Group at the LEA Level. The contributing factors that have prevented students from achieving academic achievement at the LEA level are addressed by providing teachers and administrators’ professional development on the ELA/ELD Framework, ELD Standards. Teachers will continue infuse the ELD Standards and design language objectives for all content areas. The instructional shifts called out by the California State Standards will also be amplified by layering a focus on the linguistic features across all content areas of instruction.				
	<b>Please describe all required modifications to curriculum, program, and method of instruction.</b>  In order to accelerate ELs English acquisition and content access to the core curriculum, there have been several modifications to curriculum, program and method of instruction.  For one, the TOSA who is designated to support teachers during Designated and Integrated ELD provide specialized professional development for K-5 and secondary teachers. In addition the Coordinator of English Learner Services provides administrators and teachers with training on the selected walkthrough observation protocol/process, specifically focusing on effective teaching strategies for English Learners. The observation protocol will include specific items that are significant in order to improve English linguistic skills and academic language across all content areas for ELs.
