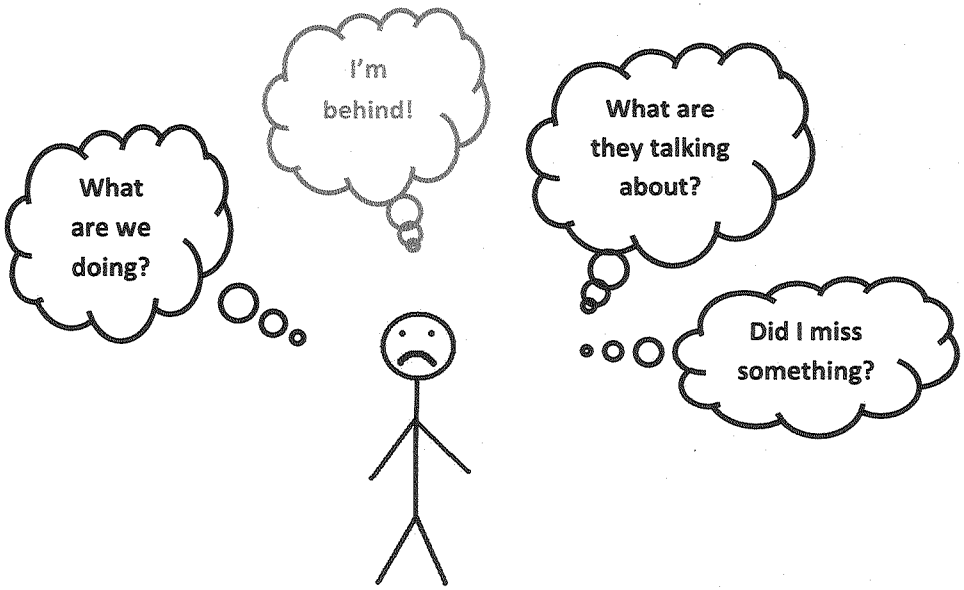
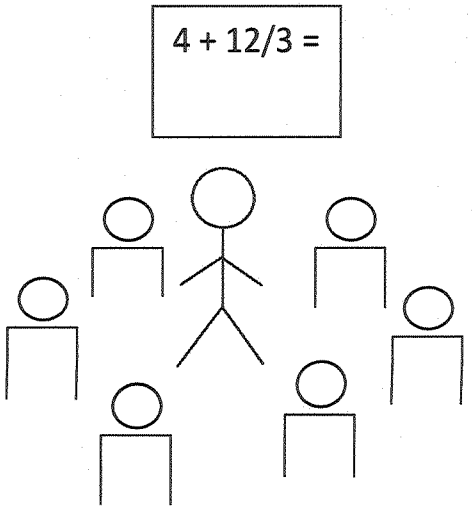
Effect of Tardy and Absences on School

6 hours in a traditional school day = 360 minutes
Subtract 40 minutes for lunch and 20 minutes for recess/breaks = 60 minutes
Total of 300 minutes of instruction/learning

Tardy = 15 minutes or 15/300 (5% of LOST LEARNING) = 95% Learning
Tardy > 30 Minutes or 30/300 (10% of LOST LEARNING) = 90% Learning
Absent = 300 minutes or 300/300 (100% of LOST LEARNING) = 0% Learning

Attendance Week	100% Mon	100% Tues	100% Wed	100% Thurs	100% Fri	= 500 / 500	100% Learning
IDEALLY	100% Mon	0% Tues	~~100% Wed~~	~~100% Thurs~~	~~100% Fri~~	= ~~400~~ / ~~500~~	~~80% Learning~~
REALITY		EFFECT	**50% Wed**	**75% Thurs**	**100% Fri**	= **325** / **500**	**65% Learning**





Social-emotional ↓
- anxiety
- depression

Scholastic achievement ↓
- missed class time
- lack of understanding
- low scores on test
