

Effect of Tardy and Absences on School

6 hours in a traditional school day = 360 minutes
 Subtract 40 minutes for lunch and 20 minutes for recess/breaks = 60 minutes
 Total of 300 minutes of instruction/learning

Tardy = 15 minutes or 15/300 (5% of LOST LEARNING) = 95% Learning
 Tardy > 30 Minutes or 30/300 (10% of LOST LEARNING) = 90% Learning
 Absent = 300 minutes or 300/300 (100% of LOST LEARNING) = 0% Learning
