The Board therefore desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The district shall not discriminate against any student on the basis of the student’s marital status, pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. (Education Code 230; 20 USC 1681-1688)

Any education program or activity, including any class or extracurricular activity, that is offered separately to such students shall be comparable to that offered to other district students. A student’s participation in such programs shall be voluntary.

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the district’s uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

For school-related purposes, a married student under the age of 18 years shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved. (Family Code 7002)

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of district strategies to support married, pregnant, and parenting students, which may include data on participation rates in district programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on district programs and services.

**Education and Support Services for Pregnant and Parenting Students**

Pregnant and parenting students shall retain the right to participate in any comprehensive school or educational alternative program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or his/her child.

Whenever necessary, the district shall provide reasonable accommodations to pregnant and parenting students to enable them to access the educational program. A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. A lactating student shall have access to a private location, other than a restroom, to breastfeed or express milk for her infant child.

A student may be required, based on her pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician indicating that she is physically and emotionally able to participate in an educational program or activity, if other students with physical or emotional conditions or temporary disabilities are required by the district to provide such certification. (34 CFR 106.40)

As appropriate, teachers, administrators, and/or other personnel who work with pregnant and parenting students shall receive related professional development. The Superintendent or designee shall grant a student a leave of absence due to pregnancy, childbirth, false pregnancy, termination of pregnancy, and related recovery for as long as it is deemed medically necessary by her physician.

At the conclusion of the leave, the student shall be reinstated to the status she held when the leave began. (34 CFR 106.40)

A pregnant or parenting student also may request exemption from attendance because of a related physical or mental condition or because of personal services that must be rendered to a dependent. (Education Code 48410)

**Reasonable Accommodations**

When necessary, the district shall provide reasonable accommodations to pregnant and parenting students to enable them to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child
2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk
3. Access to a power source for a breast pump or any other equipment used to express breast milk
4. Access to a place to store expressed breast milk safely
5. A reasonable amount of time to accommodate the student’s needs to express breast milk or breastfeed an infant child

**Complaints**

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the district’s uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint alleging district noncompliance with the requirements to provide reasonable accommodations also may be filed in accordance with the district’s procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the district’s decision may appeal the decision to the California Department of Education (CDE). If the district or the CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 222; 5 CCR 4600-4687)

**Program Evaluation**

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of district strategies to support married, pregnant, and parenting students, which may include data on participation rates in district programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on district programs and services.

SPECIAL EDUCATION

EC §56306, EC §56329, EC §56380, EC §56506, EC §56345(a)(6), IDEA & CAC 3125

Special Education Programs

Federal law requires that a free and appropriate education (FAPE) shall be offered in the least restrictive environment (LRE) to qualified pupils with disabilities, including those who are homeless or wards of the court, ages 3 through 21 years; and early intervention services for “at-risk infants and toddlers” under age 3. This right applies to students eligible for Special Education services as defined under the Individuals with Disabilities Education Act (IDEA).

Through the district’s Student Success Team (“SST”) process, and other procedures (implementation and monitoring of interventions; consideration of a student’s educational records; including the process of referral) and the local educational agency, a continuous effort is made to locate and identify individuals who might qualify for special education services. Although the district may consider and attempt general education interventions prior to referring a student for special education evaluation or services. It may not unuly delay a necessary referral to first attempt general education interventions. Upon suspecting that a student has a disability and may need special education and related services, district staff will immediately refer the student for consideration of eligibility.

The law also provides that parents may initiate a request to have their child assessed to determine eligibility for Special Education and/or related services. The request shall be in writing and may be submitted to the District’s Special Education Office, school principal or his/her designee. Further, the parent(s) may expect his/her rights to be written in understandable language; 2) will be asked to give written consent before any assessments are conducted; 3) is entitled to receive a copy of the assessment and shall be informed of his/her eligibility upon request; shall participate in the individualized education program (IEP) team meeting for their child and be provided with recommendations and the reasons for them; and 5) will be given written consent prior to the student receiving services. The parent also has the right to electronically record the proceedings of IEP meetings and to observe the pupil in the classroom, as specified by board policy.

The district’s process for identifying and evaluating students with disabilities who may be in need of special education and related services includes, but is not limited to, a review of the student’s school records; effectiveness of general education and/or SST interventions, as applicable; information provided by a student’s teacher(s), other professionals, and the parent/guardian, as appropriate; and consideration of the student’s needs.

If the pupil is identified as eligible for special education and related services, then a meeting will be held annually to review his/her progress. Further and more specific information about parent rights, due process, specific procedures, and the assessment plan are available under a separate document, which may be obtained from the District’s Department of Special Education.

Special Education Students Reaching Age 18

Beginning at least one year prior to a special education pupil reaching the age of 18, he/she is to be informed of their rights, which will be transferred to them upon reaching the age of 18. This information is also contained within the individualized education program (IEP).

Special Education Complaints

The parent may file a complaint with the State Department of Public Instruction if he/she feels there has been a violation of the Special Education Laws. The complaint may be filed with the Director of Special Education, Erika Johnson, who can be reached at (805) 622-6900 Ext. 156.

Special Education – Use of Assistive Technology

Students may continue to use while at home; if the pupil participates in the district’s non-school day program, such as, but not limited to, summer school or non-school day programs; or until a replacement or comparable device is obtained in new setting. Not every IEP will have an AT device as part of the IEP team offering, but if it is there, it must remain in possession so that the student does not have a lapse in educational access to such device.

Child Find Systems

The district is a member of the Ventura County Special Education Local Plan Area which has established written policies and procedures including continuous child find systems including children with disabilities who are migrant, homeless, or wards of the state, and children with disabilities attending private schools. ATTENDANCE

ABSENCES FOR CONFIDENTIAL MEDICAL SERVICES
EC §46010.1, 
"Commencing in the fall of the 1986–87 academic year, the governing board of each school district shall, each academic year, notify pupils in grades 7 to 12, inclusive, and the parents or guardians of all pupils enrolled in the district, that school authorities may excuse any pupil from the school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian."

AVOIDING ABSENCES, EXCUSED ABSENCES, TARDINESS, TRUANCY
EC §46014, EC §48205, EC §48260, EC §48260(a), EC §48262, EC §48263, EC §48263.6, EC §48264, EC §48267, EC §48268, EC §48269, EC §50901, WC 236, 601, 601.3, 651.5, 653.5, 654; CVUSD Board Policy 5113 & CVUSD Administrative Regulation 5113

Avoiding Absences
The Conejo Valley Unified School District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or school holidays. The district also asks that travel or other absences be avoided during the time school is in session. The higher the district’s daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs.

The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences. Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Chronic Absenteeism
EC §50901
A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

Excused Absences
EC §46014, EC §48205
Parents or legal guardians, unless exempted, are required to enroll their children between the ages of 6 and 18 in the school district in which they reside. They are compelled to ensure that the minor is in school regularly and on time each day. Parents may be requested to appear before the School Attendance Review Board (SARB) and subsequently be referred to the District Attorney for legal action when attendance, tardiness, and/or behavior problems occur. For additional information regarding truancy, review the attendance section on the District’s website located at conejousd.org.

Notwithstanding Section 48200, a pupil shall be excused from school for any of the following reasons:
1. Personal illness
2. Quarantine under the direction of a county or city health officer
3. Medical, dental, optometrical, or chiropractic appointment
4. Attendance at funeral services for a member of the immediate family, which shall be limited to one day if the service is conducted in California or three days if the service is conducted out of state. Immediate family shall be defined as a mother, father, grandma, grandpa, brother, sister, or any relative living in the student’s immediate household.
5. Jury duty in the manner provided by law
6. The illness or medical appointment of a child to whom the student is the custodial parent
7. Upon advance written request by the parent/guardian and the approval of the principal or designee, justifiable personal reasons, including but not limited to:
   a. Appearance in court
   b. Attendance at a funeral service
   c. Observation of a holiday or ceremony of his/her religion
   d. Attendance at religious retreats for no more than four hours per semester
   e. Attendance at an employment conference
   f. Attendance at an educational conference offered by a nonprofit organization on the legislative or judicial process
8. Service as a member of a precinct board for an election pursuant to Elections Code 12302
9. To spend time with an immediate family member who is an active duty member of the uniformed services, as defined in Education Code 49701, and has been called to duty for deployment to a combat zone or a combat support position or is on leave from or has immediately returned from such deployment
10. To attend his/her naturalization ceremony to become a United States citizen

No pupil shall have his or her grade reduced or lose academic credit for any excused absence or absences, if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

The school must receive appropriate verification (i.e., written note, doctor’s note, telephone call) of an absence by the end of the third day (72 hours) after the student returns for it to be considered excused. Otherwise, the absence will be recorded as a truancy.

Truant
Any pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without valid excuse for three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse for more than three days in one school year, or any combination thereof, and a concerted effort has been made to meet with the family, is a truant and shall be reported to the attendance supervisor. The pupil shall also be referred immediately to the School Attendance Review Board (SARB).

Tardiness
EC §48260(a)
Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. Repeated tardies in excess of 30 minutes without a valid excuse may lead to the student being designated as truant.

Truancy Definitions / Truant Consequences / Arrest of Truants
EC §48260, EC §48262, EC §48263, EC §48263.6, EC §48264, EC §48267, EC §48268, EC §48269, WC 236, 601, 601.3, 651.5, 653.5, 654

Truancy Definitions:
A student is considered truant when he/she is absent from school for three full days or is absent from school (tardy or early) for more than 30 minutes during the school day and the absence or tardy is without a valid excuse. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a chronic truant.

Unexcused absences are all absences that do not fall within EC 48205 (listed above).

Truant Consequences:
Any student who is identified as “Truant” may be assigned as a ward of the court, if the available community resources do not resolve the student’s continued problem of truancy, by a Probation Officer or Deputy District attorney.

Arrest of Truants/School Attendance Review Boards:
The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from his/her home and who is absent from school without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Board (SARB).

Intradistrict Enrollment/Transfer Requests
Parents/guardians of students living outside the boundary of Conejo Valley Unified School District may apply for an Intradistrict Transfer. The parent or legal guardian of a pupil who seeks release from the home district to attend a school in any other school district. It is expected that pupils will attend the school district serving the attendance zone in which they reside. However, Districts may enter into an agreement for a period of up to five years which specifies the terms and conditions under which pupil transfers are permitted. Therefore, the parent or guardian may request and the Superintendent may grant the transfer of their child to a different school district for any of the following reasons:

1. To meet the child care needs of the student only as long as the student’s child care provider remains within district boundaries
2. To meet the student’s special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel
3. When the student has a sibling attending school in the receiving district, to avoid splitting the family’s attendance
4. To allow the student to complete a school year when his/her parents/guardians have moved out of the district during the year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school he/she attended as a junior
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to begin attending school within the next school year
8. When the student is moving out of the district for one year or less
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inaccessible for the student to attend the school district
10. When there is valid interest in a particular educational program not offered in the student’s attendance
11. To provide a change in school environment for reasons of personal and social development

The parent will be notified of the acceptance or rejection of the transfer request in writing. The permit, if granted, is valid for up to five years (except when less than five years when changing between school levels, i.e., elementary to middle and middle to high school), provided the conditions specified in the original request are maintained and as long as the pupil’s attendance, behavior, and academic performance are satisfactory to the school of attendance. Thus, the parent/guardian will not have to reapply for an interdistrict transfer and the pupil will be allowed to continue to attend the school in which he/she is enrolled. Pupils who are entering grade 11 or 12 in the subsequent school year shall not have their permits renewed. Failure to adhere to the terms/conditions set forth may result in a revocation of the permit anytime while the permit is still in effect.

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to have been a victim of an act of bullying, as defined in Education Code 48090(r), committed by a student of the district of residence.

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of a deployed duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status.

Requests are based on District enrollment and impacted programs. Preferences will be given to pupils whose parents are enlisted in the military. Parents/guardians should contact the District’s Student Support Services Department at (805) 497-9511 Ext. 296 for further information.

Intradistrict Enrollment/Transfer Requests
It is expected that students will attend the school district serving the attendance zone in which they reside. However, parents/guardians residing in the district may apply for a different school within the district through the District School of Choice process. School of Choice application requests are based on enrollment and staffing ratios. Parents of high school athletes should check on CIF sports eligibility rules before pursuing open enrollment. Transportation to any other school is the responsibility of the parent. Contact the school office for further information.

Involuntary Transfer
A student may be transferred to another district school if he/she is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805 and is enrolled at the same school as the victim of the crime for which he/she was convicted.

Before transferring such a student, the Superintendent or designee shall attempt to resolve the conflict using restorative justice, counseling, or other such services. He/she shall also notify the student and his/her parents/guardians of the right to request a meeting with the principal or designee.

HEALTH
ADMINISTRATION OF MEDICINE DURING THE SCHOOL DAY
EC §49414.7, EC §49423, EC §49423.1 & EC §49480, CVUSD Board Policy 5141.21 & CVUSD Administrative Regulation 5141.21
The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or other designated personnel of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.

Administration of Prescribed Medication for Pupils
Any pupil who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting the school district assist the pupil with prescribed medication as set forth in the physician statement.

Emergency Treatment for Anaphylaxis
Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergenic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rash or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 22% of the California school population suffers from students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC §49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorize them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

ANNUAL HEALTH SCREENINGS
EC §49452, EC §49452.5, CVUSD Board Policy 5141.3 & CVUSD Administrative Regulation 5141.3
Annual vision and hearing screenings are conducted in kindergarten, second, fifth, and eighth grade. Annual scoliosis screenings may be performed for seventh grade females and eighth grade males. Parent teacher referrals or students receiving special education services should be included in these screenings as required by law unless the parent/guardian writes a specific objection. Notification will be sent to the parent/guardian of a student for any noted condition discovered through the screenings.

CONCUSSION AND HEAD INJURIES
EC §49475
A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though many concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete’s initiating practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

CONTROLLED SUBSTANCES: OPIOIDS
EC §49476
The athletic departments of the Conejo Valley Unified School District will provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgement of receipt of the document annually.

ENTRANCE HEALTH SCREENING
HSC §124085, HSC §124100, HSC §124105 & CVUSD Administrative Regulation 5141.32
The district requires a physical examination prior to entering transitional or regular kindergarten. The State of California requires a physical exam 18 months before entering first grade. If the physical examination is done after March 1st of the year the student enters transitional/regular kindergarten, it will meet both requirements. If it is before March 1st of that year, another physical will be required prior to first grade.

ERIC PAREDES SUDDEN CARDIAC ARREST PREVENTION ACT
SB 1375
The senate bill requires a pupil in any public school, including a charter school, or private school that elects to conduct athletic activities, and the pupil’s parent or guardian, and sign and return an acknowledgement of receipt of an information sheet on sudden cardiac arrest symptoms and warning signs each school year before the pupil participates in an athletic activity.

IMMUNIZATIONS
HSC §120325, HSC §120335, HSC §120338, HSC §120365, HSC §120370, HSC §120375 & CVUSD Board Policy 5141.31
Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student who parents have consented in writing.

Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose parent or guardian fails to have the child vaccinated against one of the communicable diseases described above. The Superintendent or designee shall not unconditionally admit any student to a district elementary or secondary school, preschool, or child care and development program for the first time nor, after July 1, 2016, admit or advance any student to grade 7 unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases:

- Measles, mumps, and rubella (MMR)
- Diphtheria, tetanus, and pertussis (whooping cough) (DTP, DTaP, or Tdap)
- Poliomyelitis (polio)
- Hepatitis B
- Varicella (chickenpox)
- Haemophilus influenza type b (hib meningitis)
- Any other disease designated by the CDPH
Free-of-charge immunizations for children are available. Please contact the Ventura County Health Care Agency found on their website located at https://www.shotsforschool.org-12/ for more information.

LACTATION ACCOMMODATIONS
EC §222 & CVUSD Board Policy 5146
The Conejo Valley Unified School District provides reasonable accommodations to a lactating pupil on a school campus to express breast milk, breast-feed an infant child, or address other needs related to breast-feeding. These accommodations include, but are not limited to, access to a private and secure room, other than a restroom, to express breast milk or breast-feed an infant child, permission to bring onto a school campus any equipment used to express breast milk, access to a power source for that equipment, and access to a place to safety store breast milk. A reasonable amount of time to accommodate the need to express breast milk or breast-feed an infant child is also given, and no academic penalty will be incurred as a result of use of these reasonable accommodations during the school day.

MEDICAL SERVICES INFORMATION
EC §49471 & EC §49472
Medical Services
Conejo Valley Unified School District does not provide insurance to cover student accidents or injuries while the student is at school, going to or from school, or while attending school-sponsored activities.

Health Insurance Coverage for Athletes
Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses.

Low- or no-cost insurance for students may be available through Healthy Families Program, Medi-Cal, or other insurance programs for those who qualify.

Parents/guardians may call (800) 880-5305 for information or an application.

Medical Attention at School for Accidents/Injuries
An emergency card will be used to contact parents/guardians in the event of a medical emergency. The school will act in the absence of parent contact to ensure appropriate medical treatment is provided even if the parent/guardian cannot be reached. Specific health care information and/or direction regarding emergency care must be noted on emergency cards.

MENTAL HEALTH SERVICES
EC §49428
In order to initiate access to available pupil mental health services, you may contact the following mental health provider: Ventura County Behavioral Health crises line at (866) 996-2243. Our school district will notify parents at least twice per year. This is once through our Annual Notifications, and we will also notify you again a second time each school year by the following means through the mail or another commonly used method of notification.

ORAL HEALTH ASSESSMENT
EC §49452.8 & CVUSD Board Policy 5141.6
Record of a dental assessment done by a dental professional is required for all transitional/regular kindergartners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31 of the pupil’s first school year.

PHYSICAL EXAMINATION
EC §49451, CVUSD Board Policy 5141.3 & CVUSD Administrative Regulation 5141.3
A parent or guardian may file annually with the school principal a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

TOBACCO FREE CAMPUS
HSC §104420, HSC §104495 & CVUSD Board Policy 5131.62
The Board prohibits smoking and/or the use of tobacco products at any time in district-owned or leased buildings, on district property, in district vehicles, and within 250 feet of a youth sports event.

These prohibitions apply to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district’s tobacco-free schools policy and consequences for violation of the policy.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking.

Tobacco products include:
1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff
2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah
3. Any component, part, or accessory of a tobacco product, whether or not sold separately

This policy does not prohibit the use or possession of prescription products and other prescription aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patch or gum.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

SUICIDE PREVENTION
EC §215, CVUSD Board Policy 5141.52 & CVUSD Administrative Regulation 5141.52
The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and "postvention" defined as:
"counseling and other social care given after the experience of a traumatic event, especially to those directly affected by suicide."

In developing measures and strategies for use by the district, the Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

Such measures and strategies shall include, but are not limited to:
1. Staff development on suicide awareness and prevention for teachers, school counselors, administrators including principals, and other district employees who interact with students in all grades
2. Instruction to students in problem-solving and coping skills to promote students’ mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
3. Methods for promoting a positive school climate that enhances students’ feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. The provision of information to parents/guardians regarding risk factors and warning signs of suicide, the severity of the youth suicide problem, the district’s suicide prevention curriculum, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis
5. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student’s suicidal intentions
6. Crisis intervention procedures for addressing suicide threats or attempts
7. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student’s suicide

Prevention and Instruction
Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students’ feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students.

The district’s health education program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and self-esteem. Suicide prevention instruction shall be incorporated into the health education curriculum in the secondary grades. Such instruction shall be aligned with state content standards and shall be designed to help students analyze signs of depression and self-destructive behaviors, including potential suicide, and to identify suicide prevention strategies.

The Superintendent or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the district’s suicide prevention curriculum, risk factors and warning signs of suicide, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis.
Staff Development
1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors
2. Warning signs that may indicate suicidal intentions, including changes in students’ appearance, personality, or behavior
3. Research-based suicidal intervention strategies, including the suicide prevention curriculum and promoting mental and emotional health
4. School and community resources and services
5. District procedures for intervening when a student attempts, threatens, or discloses the desire to commit suicide

Intervention
Whenever a staff member suspects or has knowledge of a student’s suicidal intentions, he/she shall promptly notify the principal or school counselor. The principal or counselor shall then notify the student’s parents/guardians as soon as possible and may refer the student to mental health resources in the school or community.

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student’s suicidal intentions.

The Superintendent or designee shall establish crisis intervention procedures to ensure student safety and appropriate communications in the event that a suicide occurs or an attempt is made on campus or at a school-sponsored activity.

It is the goal of the Conejo Valley Unified School District to use the least toxic methods of pest control at the lowest effective dose through our Integrated Pest Management Program (IPM). A copy of the Conejo Valley Unified School District’s IPM policy statement is stated below. If further information is desired, please contact via email: idonald@conejousd.org or djrcardale@conejousd.org.

INTEGRATED PEST MANAGEMENT POLICY (IPM) STATEMENT
The Conejo Valley Unified School District initiated an IPM Program in September of 1988. Since the initiation of the IPM Program, it has been the intent of the CVUSD to continue to utilize IPM principles to manage pest populations adequately. The choice of using a pesticide will be based on a review of all other available options and a determination that these options are unacceptable or are ineffective, alone or in combination. Cost or staffing considerations alone will not be adequate justification for use of chemical control agents. Strategies for managing pest populations will also be influenced by the pest species and the degree to which that population poses a threat to people, property, or the environment. The full range of alternatives, including action, will be considered.

When it is determined that a pesticide must be used in order to prevent pest levels from exceeding action thresholds, the least toxic material will be chosen and applied at the lowest possible effective dose.

Our Rodent Control Leaderkowd and Facility Supervisor-Grounds are licensed and certified “Qualified Pesticide Applicators”. Both are required to attend continuing education classes for pest management.

Listed below are the names of all pesticide and/or herbicide products that Conejo Valley Unified School District’s Maintenance & Grounds Department may apply at a school facility. Further information may be found at this website address: http://www.cdpr.ca.gov.

Prior to departure on a school activity trip, all pupils riding on a school bus or school activity bus shall receive safety instruction that includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit. SCHOOL SAFETY: BULLYING
EC §234.4 & EC §32283.5
The Governing Board recognizes the harmful effects of bullying on student well-being, student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

SCHOOL SAFETY PLAN
EC §32280, CVUSD Board Policy 0450 & CVUSD Administrative Regulation 0450
Each Conejo Valley Unified School District school site has a Comprehensive School Safety Plan, which includes a disaster preparedness plan and emergency procedures. Copies are available to read at each school office. This plan includes appropriate strategies and programs that provide a high level of safety including specific rules and regulations on student discipline, disaster preparedness plan and procedures, child abuse reporting procedures, assessment of school crime committed, sexual harassment policy, and other policies.

SECURE HOME FIREARM STORAGE
CVUSD Resolution #19/20-32
CVUSD schools are required to comply with California Education Code Sections 32280-32290, which mandate the preparation of school safety plans addressing violence prevention, emergency preparedness, traffic safety and crisis response. Lawmakers, community members, non-profit organizations, and local leaders nationwide are working together to implement public awareness campaigns which encourage secure gun storage practices and highlight the public safety risk of unsecured guns. Evidence strongly suggests that secure firearm storage is an essential component to any effective strategy to keep school and students safe. Research shows that secure firearm storage practices are associated with up to an 84 percent reduction in the risk of self-inflicted and unintentional firearm injuries among children and teens. The U.S. Secret Service National Threat Assessment Center recommends the importance of appropriate storage of weapons because many school attackers used firearms acquired from their homes. The Conejo Valley Unified School District Board of Trustees and the Superintendent will continue to work with local law enforcement agencies, health agencies, and non-profits to inform District parents about secure storage of firearms in their homes.

**SEXUAL HARASSMENT POLICY**

EC §48980(g), CVUSD Board Policy 5145.7 & CVUSD Administrative Regulation 5145.7

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The District strongly encourages any students who feels that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, any school administrator, the principal as the Site Title IX Coordinator, the District’s Title IX Coordinator, or any other available school employee. Students may also provide a confidential report through the District’s “Confidential Incident Reporting” form (http://bit.ly/CVUSDConfidentialReport). Any employee who receives a report or observes an incident of sexual harassment shall notify the Site or District Title IX Coordinator. Once notified, the Title IX Coordinator who receives said report shall ensure the complaint is addressed through Title IX complaint procedures or uniform complaint procedures, as applicable, and shall offer supportive measures to the complainant.

The Superintendent or designee shall inform students and parents/guardians of the District’s sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the District’s website, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

**Instruction/Information**

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment; including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the District’s primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant’s noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, a respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the District’s procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the District will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and District procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

**Disciplinary Actions**

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

**Record-Keeping**

In accordance with law, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the District to monitor, address, and prevent repetitive harassing behavior in district schools. The district shall provide reports on the aggregate complaints of bullying and harassment, and document the responses to these complaints to the Board annually. These reports shall be made available to the public while preserving confidentiality of all parties.

**Complaint Process**

The District designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code §22541, as well as to investigate and resolve sexual harassment complaints under AR 1312.3 - Uniform Complaint Procedures. **STUDENT ACCEPTABLE USE OF TECHNOLOGY POLICY**

EC §48980(h), EC §51870.5 & CVUSD Board Policy 6163.4

Electronic Communication Acceptable Use

Electronic communication provides access to vast and diverse resources. Through Local Area Networks (LANs), Wide Area Networks (WAN), and the Internet, staff and students have access to individuals, groups, data, and materials from all over the world. Appropriate access to these resources is consistent with the District’s goals of promoting educational excellence. It is understood that much of the material available through electronic communication has no direct educational value for students, and some of the material available is not suitable for all students. It is also understood that the District cannot control the content of the material on a global network, nor can it fully protect students who misuse District resources to electronically access materials.

a. Access to a District LAN, WAN, or the Internet is a privilege, not a right.

b. To assure the appropriate use of District resources for electronic communication, the following requirements shall apply to all District staff and students:

1. All use must be in support of the educational mission, goals, objectives, and/or curriculum grade level content standards adopted by the Board of Education.
2. All use must be consistent with the rules of any network being accessed.
3. Unauthorized use of copyrighted materials is prohibited.
4. Distribution of material protected by trade secret is prohibited.
5. Threatening or obscene material is prohibited.
6. Use for commercial activities is prohibited.
7. Use for product advertisement or political lobbying is prohibited.

c. All staff and students using the District LAN, WAN, or Internet access shall sign an Acceptable Use Agreement acknowledging their agreement to abide by this Policy and any related regulations.

d. Violations of this policy will result in appropriate disciplinary action, which may include loss of access, the full range of disciplinary consequences allowed by the Education Code, and criminal prosecution.

Electronic Signaling Devices

EC 48901.5 & CVUSD Board Policy 5131

The Board of education acknowledges that there are legitimate reasons for students to possess and use electronic devices such as cellular phones, and pages while going to and from school, and before and after school related activities. However, electronic devices will not be permitted to disrupt instruction, instructional programs, and/or school related activities nor to use a device to infringe upon the privacy rights of others. Therefore:

a. Electronic devices shall be turned off in class, except when being used for a valid instructional or other school-related purpose as determined by the teacher.
or other district employee, and any other time directed by a district employee.

b. Any device with camera, video, or voice recording function shall not be used in any manner which infringes on the privacy rights of any other person.

c. No student shall be prohibited from possessing or using an electronic device that is determined by a licensed physician or surgeon to be essential for the student’s health and the use of which is limited to purposes related to the student’s health. (EC 48901.5)

d. The District assumes no responsibility for the protection, loss, or damage to any electronic device.

Internet Safety and Cyberbullying

A national concern is the inappropriate use of the internet by students. “Cyberbullying” is one of those misuse which includes the transmission of communications by posting of harassing messages, direct threats, social cruelty, or other harmful texts, sounds, or images on the Internet, social networking sites, or other digital technologies used by a telephone, computer, or any wireless communication device. It also includes breaking into another person’s electronic account and assuming that person’s identity in order to damage that person’s reputation or friendships.

While the district has and will continue to ensure the safety of each student and continue to monitor student use of technology in school and at school sponsored events, it is apparent that there is an ongoing development of more sophisticated means of accessing the Internet. Across the nation, there has been an increase in negative student behavior in the use of home computers to post messages to popular “chat room” or “message exchange” websites. These websites allow students to chat with others and to post statements that ordinarily would not be said in a face-to-face conversation, otherwise referred to as “cyber-bullying.” Unfortunately, some of these websites are being used by child predators, “cyber-bullies”, and con artists with the intent of harming others. In some cases, adults pose as youths and gain access to student chat rooms. Some of these contacts have led to tragedy as some students post personal information, such as addresses and telephone numbers that predators can use to locate students. Some students (mostly between the ages of 9 and 14) use the anonymity of the websites to participate in online bullying to threaten harm to other students without witnessing the consequences. Students who are bullied online sometimes do not report these incidences for fear of being harmed further or being restricted from using the internet. Therefore, it is recommended that you:

1. Discuss the potential danger of the Internet with your son or daughter.
2. Ask if they have an account with any website. If they are using such a site with your permission, review your child’s profile to ensure that no personal and identifiable information has been posted.
3. Establish rules and guidelines to ensure your child’s safety on the Internet. Examples of websites that provide helpful guidelines include:

Student Responsible Use Agreement for Using Technology in School

After reviewing the presented guidelines and expectations for the Acceptable Use Policy (AUP) available at www.coneiusd.org or in print by request, students and parents acknowledge the following by signing this agreement. As a CVUSD student, I understand that:

1. My use of the school network and email is a privilege, not a right.
2. My school and district network and email accounts are owned by the CVUSD and are not private. CVUSD has the right to access my information at any time.
3. I am responsible for my computer account and email account.
4. I will not allow others to use my account name and password or try to use that of others.
5. I am responsible for my language and conduct.
6. I am responsible for following school rules and the guidelines within this document and whenever I publish anything online.
7. I am responsible for protecting school property, including the security of the CVUSD’s network.
8. I will use technology in a manner that complies with laws of the United States and the State of California, including copyright laws.
9. I understand that I am to notify an adult immediately if I encounter material that violates appropriate use.
10. I understand that my school may, at any time, sequester any school or district-owned device in my possession.
11. CVUSD Administrators, local teachers, and law enforcement will deem that conduct is inappropriate use if such conduct is not specified in this agreement.

harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

LIMITATIONS ON IMPOSING SUSPENSION
EC §48900.5
Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil’s record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons described in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to person.

TERRORISTIC THREATS
EC §48900.7
(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.

(b) For the purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

CIRCUMSTANCES FOR RECOMMENDING EXPULSION
EC §48915
(a) (1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

(B) Possession of any knife other dangerous object of no reasonable use to the pupil.

(C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for the following:

(b) (b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

(1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

Branding a knife at another person.

Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.

Possession of an explosive.

(d) The governing board of a school district shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:

(1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.

(2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.

(3) Is not housed at the school site attended by the pupil at the time of suspension.

(e) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

(1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.

(2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(f) The governing board of a school district shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study that meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.
