Interdistrict Attendance Permits

The Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons:

1. To meet the child care needs of the student

Such students may be allowed to continue to attend district schools only as long as they continue to use a child care provider within district boundaries.

2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel

(cf. 6159 - Individualized Education Program)

3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance
4. To allow the student to complete a school year when his/her parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school he/she attended as a junior, even if his/her family moved out of the district during the junior year
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district
8. When the student will be living out of the district for one year or less
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence

(cf. 5113.1 - Chronic Absence and Truancy)

10. When there is valid interest in a particular educational program not offered in the district of residence
11. To provide a change in school environment for reasons of personal and social adjustment
12. When the student has been determined by staff of either the district of residence or district of proposed attendance to be a victim of an act of bullying as defined in Education Code 48900(r). Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600)

(cf. 5131.2 - Bullying)

An interdistrict attendance permit shall not exceed a term of five years. Each permit shall stipulate the terms and conditions established by both districts under which interdistrict attendance shall be permitted, denied, or revoked, and any standards for reapplication. (Education Code 46600) A new Interdistrict Transfer Agreement is required when a student advances from Transitional Kindergarten to Kindergarten, Elementary School to Middle School and Middle School to High School.

Once a student is enrolled in a school, he/she shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school in which he/she is enrolled, unless reapplication standards are otherwise specified in the permit. Existing interdistrict attendance permits shall not be rescinded for students entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

The Superintendent or designee may deny initial requests for interdistrict attendance permits if school facilities are overcrowded at the relevant grade level or based on other considerations that are not arbitrary. However, once a student is admitted, the district may not deny him/her continued attendance at the approved school because of overcrowded facilities at the relevant grade level.

Within 30 days of a request for an interdistrict permit, the Superintendent or designee shall notify the parents/guardians of a student who is denied interdistrict attendance regarding the process for appeal to the County Board of Education as specified in Education Code 46601. (Education Code 46601)

(cf. 5145.6 - Parental Notifications)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The district may revoke a student's enrollment if he/she is recommended for expulsion pursuant to Education Code 48918. (Education Code 48309)

A school district may deem a pupil to have complied with the residency requirements for school attendance in the district if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of the district. (Education Code 48204 b).
