#### Behavioral Interventions For Special Education Students

\*\*\*Note: Pursuant to Education Code 56520, as amended by AB 86 (Ch. 48, Statutes of 2013), for students with disabilities who are exhibiting serious behavioral challenges, timely assessments and positive interventions and supports should be developed and implemented in accordance with the federal Individuals with Disabilities Education Act (IDEA) and its implementing regulations (20 USC 1400-1482; 34 CFR 300.1-300.818). \*\*\*

\*\*\*The following optional administrative regulation is based on guidance from the Office of Special Education Programs (OSEP) of the U.S. Department of Education. \*\*\*

Generally, any student identified as a student with a disability pursuant to the Individuals with Disabilities Education Act, 20 USC 1400-1482, is subject to the same disciplinary measures applicable to all students for violations of the code of conduct, except when the student's behavior is determined to be a manifestation of his/her disability.

(cf. 5131 - Conduct)

(cf. 5144 - Discipline)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

\*\*\*Note: In efforts to ensure consistency with federal law, Education Code 56523, as amended by AB 86 (Ch. 48, Statutes of 2013), in effect, has repealed 5 CCR 3001 and deleted the requirement for a "behavioral intervention plan" (BIP) when a student with a disability exhibits a "serious behavioral problem" that significantly interferes with the implementation of the goals and objectives of his/her individualized education program. Instead, pursuant to Education Code 56521.2, as added by AB 86, a district is required to address any student behavior that impedes the student's own learning or the learning of other students. \*\*\*

However, when the behavior of a student with a disability impedes his/her learning or the learning of others, the student's individualized education program (IEP) team shall consider the use of positive behavioral interventions and supports and other strategies consistent with 20 USC 1414(d) to address the student's behavior. (Education Code 56521.2; 34 CFR 300.324)

If, pursuant to a manifestation determination conducted as specified in 34 CFR 300.530, the student's behavior is determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment (FBA) and implement a behavioral intervention plan (BIP) for the student. If a BIP is already in place for the student, the IEP team shall review and modify the BIP to address the student's behavior. (Education Code 56520; 34 CFR 300.324, 300.530)

In addition, when the disciplinary removal of a student with a disability will result in a change in

the student's placement as specified in 34 CFR 300.530, the student shall receive an FBA and behavioral intervention services and modifications designed to address the student's behavior so that it does not recur. (34 CFR 300.530)

### Functional Behavioral Assessment

Prior to providing any behavioral intervention service to a student with a disability, an FBA focusing on identifying the function or purpose of the student's behavior shall be conducted by the student's IEP team.

Before any FBA is conducted, the Superintendent or designee shall notify the student's parent/guardian in accordance with Education Code 56321 and obtain the parent/guardian's consent. (Education Code 56321; 34 CFR 300.324)

(cf. 6159 - Individualized Education Program)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

If the parent/guardian disagrees with the result of an FBA, he/she has the right to obtain an independent educational evaluation at district expense, subject to the conditions specified in 34 CFR 300.502.

### Behavioral Intervention Plan and Services

\*\*\*Note: Pursuant to Education Code 56520, as amended by AB 86 (Ch. 48, Statutes of 2013), behavioral interventions, supports, and other strategies may be used only in a manner that conforms to the following paragraph. \*\*\*

When any behavioral intervention, support, or other strategy is to be used by the district, the Superintendent or designee shall consider the student's physical freedom and social interaction, administer the intervention, support, or other strategy in a manner that respects the student's dignity and personal privacy, and ensure the student's right to be placed in the least restrictive educational environment. (Education Code 56520)

\*\*\*Note: Pursuant to Education Code 56520, as amended by AB 86 (Ch. 48, Statutes of 2013), BIPs for students in residential care must be developed and used in the manner specified below. \*\*\*

When a student for whom a BIP is to be developed is also the responsibility of another agency for residential care or related services, the Superintendent or designee shall cooperate with the other agency to ensure that the BIP, to the extent possible, is implemented in a consistent manner. (Education Code 56520)

Behavior assessments and behavioral intervention services shall be provided only by individuals who possess the qualifications specified in Education Code 56525 or 5 CCR 3065.

## Emergency Interventions

Emergency interventions may be used only to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the student or others and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for a systematic BIP that is designed to change, replace, modify, or eliminate a targeted behavior. (Education Code 56521.1)

No emergency intervention shall be used for longer than is necessary to contain the behavior. For any situation that requires a prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation. (Education Code 56521.1)

Emergency interventions shall not involve the use of force exceeding what is reasonable and necessary under the circumstances. In addition, use of locked seclusion or a device, material, or objects that simultaneously immobilize all hands and feet shall not be allowed except as allowed by law. (Education Code 56521.1)

Parents/guardians and, if appropriate, residential care providers shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and forwarded to the Superintendent or designee for review. This report shall include all of the following information: (Education Code 56521.1)

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic BIP
6. Details of any injuries sustained by the student or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a BIP, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for an FBA, and determine the necessity for an interim BIP. The IEP team shall document the reasons for not conducting the FBA and/or not developing the interim BIP. (Education Code 56521.1)

If the behavior emergency report is for a student who has a BIP, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not

effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified. (Education Code 56521.1)

### Prohibited Interventions

\*\*\*Note: Pursuant to Education Code 56521.2, as added by AB 86 (Ch. 48, Statutes of 2013), a district is prohibited from authorizing, ordering, consenting to, or paying for the following or other similar interventions. \*\*\*

The district prohibits the use of corporal punishment as defined in Education Code 49001 as an intervention. In addition, the district prohibits all of the following: (Education Code 56521.2)

1. Any intervention designed or likely to cause physical pain, including, but not limited to, electric shock
2. Any intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances near the student's face
3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities
4. Any intervention that is designed to subject, used to subject, or likely to subject the student to verbal abuse, ridicule, or humiliation or that can be expected to cause excessive emotional trauma
5. Any restrictive intervention that uses a device, material, or objects which simultaneously immobilize all hands and feet, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention
6. Locked seclusion, unless in a facility otherwise licensed or permitted by state law to use a locked room
7. Any intervention that precludes adequate supervision of the student
8. Any intervention that deprives the student of one or more of his/her senses
