Instruction

Identification And Education Under Section 504

Note: The following policy and administrative regulation address the identification and education of students who may be eligible for services under the provisions of Section 504 of the federal Rehabilitation Act of 1973 (29 USC 794). Pursuant to 34 CFR 104.33, eligible students must receive a free appropriate public education, either regular or special education and related aids and services, designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met. Enforcement of Section 504 requirements is the responsibility of the U.S. Department of Education's Office for Civil Rights (OCR), which monitors districts' policies, processes, and practices to ensure legal compliance.

Note: Students may be classified as disabled under Section 504 even though they do not require services pursuant to the federal Individuals with Disabilities Education Act (IDEA) (20 USC 1400-1482). The identification of students eligible for services under IDEA is addressed at BP/AR 6164.4 - Identification and Evaluation of Individuals for Special Education.

The Governing Board believes that all children, including children with disabilities, should have an opportunity to learn in a safe and nurturing environment. The district shall work to identify children with disabilities who reside within its jurisdiction in order to ensure that they receive educational and related services required by law.

The district shall provide a free appropriate public education to students with disabilities who reside within the district and who are classified as disabled under Section 504 of the federal Rehabilitation Act of 1973. Such students shall receive regular or special education and related aids and services designed to meet their individual educational needs as adequately as the needs of nondisabled students are met. (34 CFR 104.33)

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 0430 - Comprehensive Local Plan for Special Education)
(cf. 5141.24 - Administering Medication and Monitoring Health Conditions) (cf. 5141.22 - Infectious Diseases)
(cf. 5141.23 - Asthma Management)
(cf. 5141.24 - Specialized Health Care Services)
(cf. 5141.27 - Food Allergies/Special Dietary Needs)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities)) (cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

Note: The following optional paragraph may be revised to reflect district practice. Education Code 52060 requires that the district adopt a local control and accountability plan (LCAP) that includes annual goals, aligned with specified state priorities, to be achieved for all students and for each numerically significant subgroup as defined in Education Code 52052. Pursuant to Education Code 52052, students with disabilities are one of the numerically significant subgroups whose needs must be addressed in the LCAP, when there are at least 30 students with disabilities in the district or a school. See BP/AR 0460 - Local Control and Accountability Plan.

The district's local control and accountability plan shall include goals and specific actions to improve student achievement and other outcomes of students with disabilities. At least annually, the Superintendent or designee shall assess the district's progress in attaining the goals established for students with disabilities and shall report these results to the Board. (Education Code 52052, 52060)

In addition, qualified students with disabilities shall be provided an equal opportunity to participate in programs and activities that are integral components of the district's basic education program, including, but not limited to, extracurricular athletics, interscholastic sports, and/or other nonacademic activities. (34 CFR 104.37)

(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)
(cf. 6145.5 - Student Organizations and Equal Access)

In providing services to students with disabilities under Section 504, the Superintendent or designee shall ensure district compliance with law, including providing the students and their parents/guardians with applicable procedural safeguards and required notifications. Any dispute as to the identification, evaluation, or placement of any student with a disability shall be resolved in accordance with the processes specified in the "Procedural Safeguards" section of the accompanying administrative regulation.

Note: The following optional paragraph ensures the availability of hearing officers to conduct impartial hearings to resolve disagreements about the provision of FAPE, pursuant to 34 CFR 104.36.

The Superintendent or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with the district in any other capacity except as hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.
