State law provides that public school districts serve only those students who are residents in the district boundaries. Public school districts may also serve students who obtain an approved interdistrict transfer agreement (IDT). Residency is defined as a parent or guardian residing within the Conejo Valley Unified School District (CVUSD) boundaries. Residence may also be established if the parent or guardian resides for a minimum of three school days at the place of his/her employment within CVUSD boundaries. Pursuant to Education Code 48204 (Allen Bill), residency requirements are also met if a parent or guardian is physically employed within the CVUSD boundaries for a minimum of 10 hours during the school week.

Ownership of, but not residing in, real property within the CVUSD boundaries does not automatically constitute residency. Occasional visitation and overnight stays do not constitute residency.

CVUSD routinely conducts residency investigations to determine the validity of student addresses.

I hereby certify that the address given for enrollment purposes is true and correct. I understand that if it is determined through a residency investigation that this information is false, I am in violation of state law and will be held liable for all legal, investigation, and/or educational costs that may be incurred as a result of false information provided to CVUSD. I further understand that if it is determined that a registered student is not a resident of CVUSD or does not have a valid inter-district permit or Allen Bill approval, the student shall be withdrawn from enrollment in CVUSD.

I agree to notify the school immediately upon any change of address.

I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
