**Student's Prior School Enrollment**

Under Federal legislation, all California public schools are required to implement a statewide accountability program that measures the progress of its students and schools. The California School Information Services (CSIS) Identifier is a ten digit, random numeric value that is stored at the student's district so that it may be associated with that student. In order to properly assign this number, each student's entire enrollment history is needed.

Grade	School Year	School	School District/State
Pre-school
