

All staff working on CVUSD sites/campuses should be tested at least one-time per month or more, as necessary, depending on site activities.

Testing is available at the State operated drive-thru testing site at 1336 E. Janss Rd., doctors offices, or at the County testing facilities.

CVUSD has partnered with the State to set up a new testing site at 1336 E. Janss Rd. for the public: Sunday through Saturday with Tuesdays closed. Specific blocks of time have been specially reserved for CVUSD employees to be tested.

Testing at the 1336 E. Janss Rd. drive-thru site is available for employees during the following designated times, which are specifically reserved for CVUSD staff only:

- Mondays 3pm - 4pm
- Wednesdays 1pm - 4pm
- Thursdays 8am - 12pm

To get tested at the 1336 E. Janss Rd. testing site follow these steps:

1. Go to: [lhi.care/covidtesting](https://lhi.care/covidtesting)
2. Choose California from the drop-down list, click --> "Get Started"
3. Scroll down to complete the Patient Screening (**answer "No" for the primary care provider and health insurance questions**) --> click continue
4. Complete your **personal info and opt-in** to receive emails or texts --> click submit
5. A box will pop-up with your Patient ID# (the ID# will also be delivered via opt-in method)
6. Follow the steps to create your account (*not required, but helpful*)
7. You will be asked, "would you like us to remember this device?" Answer and --> click continue
8. Confirm your information

**While an appointment is not necessary to be tested during the CVUSD "open blocks" (with a Patient ID#), appointments CAN be made if that is preferred**

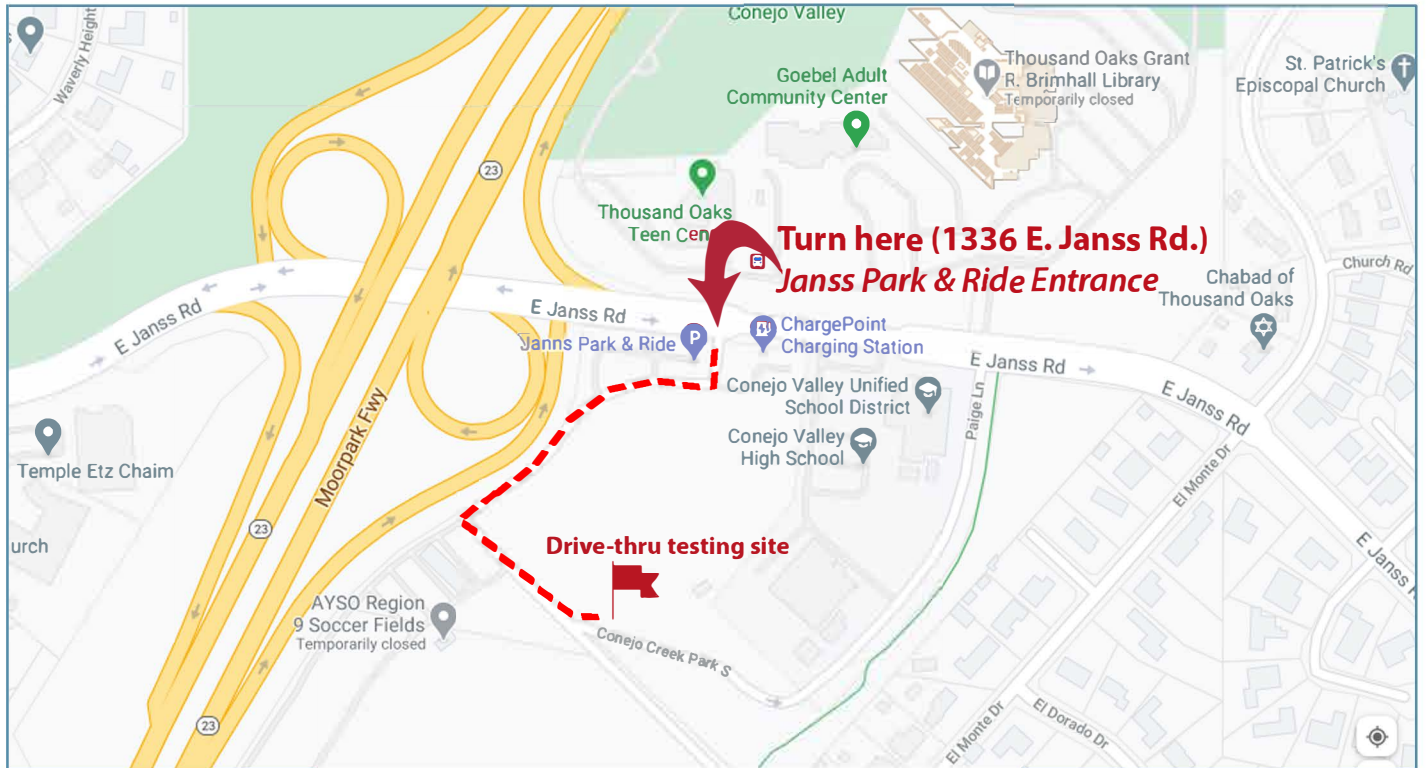

For classified staff, schedules should be worked out with your supervisor/principal. Certificated staff should get tested as per personal schedule.

Please report any positive test results to your supervisor/administrator when notified. In addition, follow CDC requirements for isolation, available here: <https://bit.ly/3ixUi6x>

## Map of the CVUSD and State partnered drive-thru testing site at: 1336 E. Janss Road, Thousand Oaks, CA 91362

Look for the white tents (testing site):
