Questions?

Mental Health & Social-Emotional Needs

- What questions do you have regarding student mental health that you want us to consider in order to reopen schools?
- Are there alternative delivery models you would like us to consider?
- Suggestions on how to provide ongoing social-emotional learning opportunities during remote learning?

Health and Safety of Students:

- What are your primary concerns about student health and safety when schools reopen?
- What are suggestions to address the concerns re: student health and safety?
- What suggestions do you have regarding communication to families that we know have an existing health concern?
- What are necessary trainings and/or items you need to provide a health related response for students?

Health and Safety of Staff:

- What are your primary concerns regarding staff health and safety?
- What suggestions do you have to address the concerns?
- What suggestions do you have regarding communication to staff regarding support related to their health and safety?

Unique Needs of McKinney-Vento Students:

- What are your primary concerns for students who are McKinney-Vento for when schools reopen?
- What are the additional factors we need to consider when planning for reopening?
- What additional supports and/or resources do you feel our students require in order to access their education in 2020-2021?

Unique Needs of Low Socioeconomic-Status Students:

- What are your primary concerns for students who are low ses for when schools reopen?
- What are the additional factors we need to consider when planning for reopening?
- What additional supports and/or resources do you feel our students require in order to access their education in 2020-2021?

Synthesize Input

- Most salient points across:
 - Mental Health & Social-Emotional Needs
 - Health and Safety of Students
 - Health and Safety of Staff
 - McKinney-Vento
 - Low Socioeconomic-Status

Additional Considerations?

Next Steps:

- Additional Committee meetings will be completed this week
