# Conejo Valley Unified Transitional Kindergarten Program

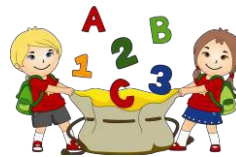

- Transitional Kindergarten (TK) is the first year of a two-year Kindergarten program. Upon completion of TK students promote to Kindergarten at their neighborhood school.
- TK serves as a bridge connecting what students learned in Preschool to what they will master in Kindergarten.
- Focal point of TK year is social-emotional development.
- Students learn to develop and maintain positive relationships, identify emotions, manage impulses, focus attention, learn to work both independently and cooperatively, learn school routines and expectations, and resolve social conflict.
- Teachers promote meaningful connections across subject matter and involve students in integrated educational experiences.

## Common Core Standards

- Transitional Kindergarten Common Core Standards are addressed in an experiential, developmental way.
- Mastery of TK standards is expected by the end of the school year.
