During this time of uncertainty, you may be unsure of how and where to be tested for COVID-19. We can help.

Your Anthem Blue Cross plan covers COVID-19 testing

COVID-19 testing and the associated visit to the testing site are covered, and you will have no out-of-pocket costs to worry about. It’s important that you talk to your doctor before going to a testing site. Your doctor must order a COVID-19 test for you, to be sure the test is necessary for diagnosis and treatment.

Find a testing site on anthem.com/ca or the Sydney Health mobile app.
Both of these options have a list of nearby testing sites with addresses, phone numbers and map links.

To find a testing site using anthem.com/ca:

1. Go to anthem.com/ca/coronavirus and select Find a Testing Center.
2. Enter your address or state, county and ZIP code.
To find a testing site using the Sydney Health app:

1. Download the Sydney Health app from the App Store™ or Google Play™. Select Register and follow the prompts to complete your registration.

2. Log in to the Sydney Health app, select the purple Coronavirus (COVID-19) Information and Assessment button.

3. Scroll down and select Up to date details.

4. Scroll down and select Find a COVID-19 Test Facility.

5. Scroll down to FIND A TESTING SITE and enter your address or state, county and ZIP code.

In these challenging times, it is important that you have the support you need for your overall health and well-being. For additional resources, visit anthem.com/ca/coronavirus.
