Greetings! As you may recall, last spring CVUSD launched a tutoring/connection program for elementary students. This year, we are expanding the program to include both elementary and middle school students. A number of our high school students have generously offered to volunteer their time to offer free 30-45 minute virtual tutoring and support appointments for our students. Please note that this is for CVUSD students only, and we will be asking families to book no more than two appointments per student, per week. We need your assistance in getting the word out. Please use the various modes of communication to inform your families of this service. The following information will be important for our families to engage in the Online Tutoring Program.

To schedule an appointment, parents or guardians will:

1. Go to: <https://conejousd.org/CVUSD-Student-Tutors> and enter the following username and password:
 - a. Username: cvusd
 - b. Password: theconejoyay
2. After reviewing the tutor biographies and headshots, click on the “Book Now” button and follow the prompts to select the date and time of your appointment and your CVUSD tutor.
3. A student tutor will reach out to you at the email you provide with a Zoom link for your appointment.

We do ask that an adult is in the room nearby during the tutoring process. We’re so grateful that our high school students are giving so much of their time to give back to the community. We encourage families to take advantage of this special opportunity.
