 - * #202 State & #1,337 Nation
 - * Stem ranking: #131 out of top 928 Schools in the STATE & #727 OF 7,880 in the NATION
- Academic Decathlon, Ventura County Champions: 2012, 2013, 2014, 2015, 2016, 2021

School District

The Conejo Valley Unified School District (CVUSD) is located fifty miles northwest of downtown Los Angeles in Ventura County. Approximately 22,000 students are enrolled in grades K-12. The district consists of twenty elementary schools, five middle schools, three comprehensive high schools, one continuation school, an online college prep school, and an adult school.

Our School

Westlake High School (WHS) is a comprehensive suburban public high school, large enough to have diversity and range, but small enough to be friendly and welcoming to all students and families. WHS takes pride in the accomplishments of its students while all staff support and encourage high expectations for all students. Our curriculum is strongly focused on academics, which is a reflection of the communities' values, with academic courses being offered at multiple levels to accommodate the needs of all students. In addition, WHS offers technology training and opportunities for enrichment in business, industrial technology, art, and music. The band, orchestra, choir, and drama classes are just a few examples of the exciting opportunities for student participation. Furthermore, WHS offers numerous clubs and a wide range of athletic activities, including league competitions, as part of our course offerings. WHS has an active PTSA, School Site Council, and Scholarship Foundation. Many community members, businesses, and agencies regularly interact with the school and our students to enhance the learning process for all students.

Mission Statement

Westlake High School is committed to providing a comprehensive education in a safe and positive learning environment for all students while preparing students to function academically, vocationally, culturally, and socially as responsible citizens. This is done through the encouragement and expectation of personal integrity, pride and the life-long pursuit of knowledge and well-being to help ensure our students make a meaningful contribution to an ever-changing society.

Special Programs

- **Westlake Academy:** a school-within-a-school concept, supported by a California Partnership Academy grant.
- **CTE/ROP:** an off-site, hands on technical training and educational experience.
- **Dual Enrollment Opportunities:** Dual enrollment English M01A (semester one) and M01B (semester 2) are offered on our high school campus in partnership with our local Ventura County Community College system. Students may also opt to take one period in their school day through a community college for dual enrollment credit.

COVID Statement

Beginning March 16, 2020, through March 5, 2021, Westlake High School provided remote instruction to students because of the COVID health pandemic. From March 16, 2020, through the end of the 19-20 school year, students continued to be enrolled in a traditional six-period day. For the 20-21 school year, students were still enrolled with a six-course schedule; however, students took three courses in a compressed schedule to complete the six courses over the semester. On March 8, 2021, we continued with this modified schedule and did provide an option for students to access their classes either in-person or virtually through a morning or afternoon cohort model. For the 21-22 school year, we have returned to our traditional in-person full day instruction with a traditional six-period day.

AB 104 Statement

In July 2021, California Assembly Bill 104 was passed which allowed students to adjust any grades earned during the 20-21 school year to a Pass (P) or No Pass (NP). If the family/student chose this option, a grade of 'A' to 'D' would be reflected with a 'P' and a grade of 'F' would be reflected with an 'NP'.
