## English Language Development

### Reclassification Chart for 2024-2025 School Year

*Reclassification is the process that determines whether an English Learner (EL) should be reclassified as a Fluent English Proficient (RFEP). Reclassification relies on evidence demonstrating that the student has achieved a level of English proficiency comparable to that of average native speakers of English in the district and is achieving and sustaining a basic level of academic achievement with students whose native language is English.*

*District reclassification policies and procedures are aligned with California Department of Education guidelines. Multiple criteria are utilized to establish that the student is ready to be reclassified. Initial ELPAC candidates will be Initially Fluent English Proficient (IFEP) if they meet IFEP criteria.*
