Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

N/A

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

All schools within the CVUSD complete a Comprehensive Needs Assessment as part of the SPSA development process. Part of this needs assessment includes the analysis of California State Dashboard data as well as local assessment data including benchmark assessments, attendance data, survey data, and grade mark reports. In the spring of 2021, based on state guidelines, CVUSD elected to use local data to monitor student progress and inform SPSA plans and site goals. School sites will continue to include 2019-20 CAASPP data as an important reference, and they will also include the updated, local data from the 2020-21 school year.

The Comprehensive Needs Assessment and SPSA goals are developed in collaboration with school site stakeholder groups, including the School Site Council, with the goal of improving student outcomes, including addressing the needs of all student groups. These goals are aligned to the CVUSD LCAP and are consistent with the 8 State Priorities. During the course of the year, School Site Councils and other site stakeholder groups evaluate and monitor the implementation of the SPSA and progress towards accomplishing the goals.

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

CVUSD conducts an annual LCAP Survey that is accessible through the district and each school's website. The LCAP Survey for 2021-22 reflects the following: Students in grades 4-5 (1483), 7-8 (1721), and 10-11 (1199); certificated (331) and classified staff (170); as well as parents (2439) participated in the survey.

86% of parents saying their children enjoy coming to school

91% of parents report that the school creates a positive environment for learning

86% of parents report indicating that they are informed of their students' academic progress.

87% of parents report feeling comfortable on campus and participating in school events

83% of parents report that students' differences were treated with respect.

96% of elementary students feel their teachers care about them

89% of elementary students said they knew who to go to at school if they have a problem

59% of middle school students and 68% of high school students feel comfortable going to their counselor

88% of middle school students and 87% of high school students report that a counselor is available when needed.

93% of certificated staff know what to look for in students experiencing depression.

92% of certificated staff feel confident that they can meet their students' learning needs.

87% of certificated staff feel their school's climate fosters social emotional learning for students and staff.

79% of certificated staff feel students are engaged and motivated

The LCAP survey led to the adoption of district-wide goals as stated within this document. Unique to this past year, students parents and teachers have been surveyed at both the district and site level regarding the impact of Covid 19 and their preferences related to school reopening. Conejo Valley High School students and staff also participate in the California Healthy Kids Survey on a bi-annual basis. Overall, the surveys reveal that the overwhelming majority of students, staff and parents feel that CVHS is a safe and secure school and feel they are treated fairly by teachers and staff.

However the surveys also reveal that student academic motivation is low, truancy is relatively high and that many of our students are using alcohol or other drugs.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

CVUSD certificated personnel are observed over the course of the year as well as selected teachers receive an evaluation in the spring. Administrators meet with certificated and classified personnel to discuss observations, provide constructive feedback and to highlight areas of success.

CVUSD schools engage in both informal and formal classroom observations to provide feedback as well as guide instructional practices and professional learning. Following observations, administrators hold conferences with teachers to share reflections on the observations. Based on

hire date, administrators conduct teacher evaluations including a key standards and elements conference based on the California Standards for the Teaching Profession (CSTP) within the first 60 days of school starting to set three goals. Progress on these goals is monitored both informally and formally throughout the year and culminates in a formal evaluation and conference. CVUSD continues to provide coaching and guidance with UDL practices in the classroom. Administrators also monitor and model best practices for considering Diversity, Equity, and Inclusion (DEI) in instructional planning and delivery. Teachers participating in the CVUSD Teacher Induction Program also meet regularly with support providers for goal-setting, observation, and reflection on alignment with the CSTP.

Informally, Principals along with the Superintendent, Assistant Superintendent, and Instructional Services Directors regularly walk through classrooms to observe student learning and instruction.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

CVUSD students in grades 6-8 took benchmark assessment in math during Semesters 1 & 2. Students in grade 6- 8 and 11 took the CAASPP summative assessments in both English and Math. Additionally, 11th and/or 12th grade students had the option to take the CAST exam in science. English Language Development assessments are also utilized to modify instruction and improve student achievement, including: English Language Proficiency Assessments for CA (ELPAC), the IPT to assess native language as well as English fluency, and curriculum-based unit and formative assessments. Results from these assessments are used to inform instruction and establish schoolwide goals. Assessment data is analyzed by the site principal, leadership team, School Site Council, and teachers to engage in the continuous cycle of improvement. Local assessment data is also routinely analyzed through department/grade level Professional Learning Community (PLC) time. PLC's discuss local assessment alignment, student performance, best practices, and analyze student work, utilizing specific protocols and developing collective plans of action.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

CVUSD began utilizing a new data management system, Mastery Connect, that allows staff to produce reports and analyze data for student strengths and weaknesses as well as item analysis for specific assessments. Students take assessments all online as part of the system. Performance data can be disaggregated and reported out by student groups, providing teachers with the opportunity to closely monitor the performance of targeted groups, including English Learners, Socio-economically Disadvantaged, Homeless, and Foster. The California Department of Education (CDE) provides a variety of data reports through their web site and DataQuest. This tool is used to produce data reports for our SPSA.

Teachers continued to use Canvas, our learning management system, to administer classroom assessments and monitor student progress. Canvas integrates with Mastery Connect to allow for administration, data analysis, and disaggregation of data. Canvas will continue to be the learning management system uniformly used moving forward.

Teachers will continue to use the Measurement of Academic Progress (MAP) and Canvas, our learning management system, to administer classroom assessments and monitor student progress.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

100% of CVUSD teachers are credentialed and properly assigned.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

CVUSD teachers are provided three (3) pupil-free work days dedicated to professional learning. These days are led and organized by district and school site leadership. CVUSD Local Control Accountability Plan (LCAP) Goal 2 is to “ensure highly qualified and effective staff are provided with targeted professional development, and have an understanding that all job responsibilities are structured to support positive student outcomes.” Current LCAP actions/services focus on professional learning related to Universal Design for Learning (UDL), Diversity Equity & Inclusion practices, Social Emotional Learning, Professional Learning Communities (PLCs and Impact Teams), 1:1 Technology implementation, Core Literature, inclusive practices such as co-teaching, and other curriculum based professional learning opportunities.

From August 14-18, 2021, CVUSD teachers were provided with a range of optional, professional learning opportunities, including UDL, Social-emotional learning, Canvas, SeeSaw, trauma-informed classrooms, Math IXL, ESGI, Unique, DEI, social-emotional learning practices, and Special Education report writing. Additionally, secondary English teachers facilitated professional learning opportunities for colleagues, sharing curriculum and units built over the summer to provide continuity regarding diverse core literature titles.

On August 22nd, certificated staff participated in a districtwide Professional Learning Day. Site leadership provided a professional development based on connecting DEI and UDL, specifically diving deeper into UDL and how it aligns with practices in DEI and SEL. On November 1st, 2021 staff engaged in video and follow up discussions regarding DEI. Elementary teachers participated in ELA curriculum PLCs, while middle and high school teachers engaged in grade span or site collaboration focused on SEL. At the completion of the 2021-22 school year, all sites have received training on Gender Diverse students and affirming and supportive practices for teachers.

During the 2021-22 school year on-going professional learning was provided by district office staff, including the district’s Teachers on Special Assignment for Educational Technology, GATE, Inclusion, VAPA, SEL, UDL, and Alternative Programs. This training came in the form of weekly communications to all teachers, “virtual office hours”, opportunities for teachers to schedule appointments, and larger group training on specific topics.

Additionally, selected teachers from each school site participated in T3 training on utilizing technology for learning in the classroom. Sonny Magana provided teachers with Eduprotocols and other strategies for engaging students in demonstrating learning using technology. Elementary teachers participated in a breakout group focused on strategies for elementary students as well.

In addition, during the 2021-22 school year, a cohort of secondary English teachers participated in the UCLA Center X professional development series, (De)Normalizing Literature, to develop instructional strategies for the teaching of diverse core literature titles.

All elementary and secondary counselors participated in on-going professional development on social-emotional learning with a specific emphasis on the CASEL competencies: self-management, social-awareness, self-awareness, responsible decision-making, and relationship skills. In addition, all counselors and site administration are participating in the Hatching Results professional learning series to develop a comprehensive school counseling program (TK-12) that addresses students' academic, college and career, and social-emotional development.

The CVUSD Professional Learning Hub is also available for teachers to utilize asynchronously. The Hub includes professional learning resources on a variety of topics, including Wonders, Canvas, Mastery Connect, Eduprotocols, UDL, GATE, assessment, and student engagement strategies.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

CVUSD's professional learning plan is rooted in addressing student performance for all students, including student groups, by best meeting the content standards. District-wide professional learning related to Universal Design For Learning (UDL) serves as the defined instructional framework across all grade-levels and content areas. While UDL implementation bolsters learning for all students, it specifically targets student groups, namely students with disabilities and English Learners, that have underperformed significantly in the past. UDL supports all students' access to learning rigorous content standards. In addition, CVUSD is committed to providing teachers with relevant training related to Diversity, Equity & Inclusion, curriculum adoptions, content standards, technology, data management, and social-emotional learning. CVUSD provides a new teacher Induction Program based on the California Standards For The Teaching Profession for all teachers with California Preliminary Teaching Credentials.

Administrators engage in professional development related to DEI, UDL, PLCs, Restorative Justice, and trauma informed care to lead sites in using inclusive and supportive practices with students and families.

Additionally, English Learner Advisor Teachers and GATE Facilitators at each school site receive monthly professional development on meeting the needs of English Learners and GATE students in the classroom. These sessions include access to activities, resources and strategies. These Facilitators present their resources and strategies at their recurring school site faculty meetings. Teacher representatives serve on CVUSD committees including subject area SCACs, MTSS, SEL, LGBTQ+, Core Literature, report cards, curriculum and assessment, and technology.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

CVUSD provides a system of instructional assistance and support for teachers. CVUSD leads its own accredited New Teacher Induction program by utilizing Teachers on Special Assignment (TOSA) to support teachers with preliminary teaching credentials. A host of other TOSAs in the district provide focused support in the following areas: Assistive Technology, Inclusion, Educational Technology, Professional Learning, Visual and Performing Arts, Transitional Kindergarten, UDL and Intervention, and GATE. The TOSAs provide on-going professional development and consultation to teachers, as well as conducting a number of district-level tasks that serve all student groups.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

CVUSD schools engage in Professional Learning Community (PLC) practices on a regular basis. Grade-level or departments meet regularly for common planning time. All principals and numerous teacher teams across CVUSD have been provided formal training on PLCs. This time is used for a number of purposes: developing common assessment, curriculum development, identifying essential standards, assessing student work, and developing collective action that responds to student performance data. Through PLCs, teachers collaborate to focus on implementing the school site and district focus areas of Universal Design for Learning, Diversity, Equity, and Inclusion, and social-emotional learning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

CVUSD uses state-approved instructional materials in all subject areas. Each content area and grade level has a fully articulated course of study that designates the pacing and alignment of curriculum to the state standards. Teachers and administrators regularly ensure horizontal and vertical alignment of standards-based curriculum and instruction through quarterly content Articulation Meetings. SBAC interim assessments in ELA and Math are used in grades 6-8 & 11 to provide alignment to state standards and monitor student progress.

Core literature titles with diverse authors and/or with diverse protagonists have been added to the secondary ELA curriculum as required materials to be implemented at each grade level. In a collaborative effort, English teachers from secondary sites created units of study and added lessons and resources to an electronic library of resources for all ELA teachers to access.

Additionally, secondary teams from both the History/Social Science and Science Departments have participated in a textbook adoption process throughout the year to determine which publishers (textbooks) are to be piloted in 2022-23. Instructional materials and resources are aligned with both the FAIR Act, as well as the Next Generation Science Standards and will be brought forward for Board approval in 2023.

Finally, a committee of educators completed work on the Ethnic Studies course of study that is aligned with CDE Ethnic Studies Model Curriculum. As per AB 101, this pilot has been developed as a one-semester course in ethnic studies, meeting specified requirements. It will be implemented as an elective course to begin with, until it becomes a graduation requirement commencing with pupils graduating in the 2029-30 school year. This course has been approved as a pilot for the 2022-23 school year for high school students.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

CVUSD teachers adhere to Board-approved instructional minutes for all subject areas.

Note that Conejo Valley High School exceeds the required CDE minutes for a continuation high school.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

CVUSD Secondary departments use curriculum pacing and formative assessments to monitor student progress and calibrate learning practices. Secondary schools are provided an additional section allocation for reading and math intervention and class size reduction. Oasis and other guided studies courses are added to the master schedule to provide students with academic support and to address learning gaps. Additionally, the Newcomer Academy has been instituted at Newbury Park High School to serve and support our English Learner population who are new to the country.

The CVHS master schedule is built around our students to meet their credit recovery and academic intervention needs. The district has supported this process by staffing the site at a 22-1 student to teacher ratio.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All CVUSD students have access to appropriate California State approved curriculum in all content areas. Students in special education use the same state adopted materials that are used in the general education classrooms as well as supplemental materials and out of level when needed and designated in a student's IEP. English Learners receive instruction in content areas using standards-based instructional materials for designated and integrated teaching of the ELD standards.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All CVUSD classroom curriculum is Board approved in all subject areas. During this process, teachers review and pilot materials to evaluate them based on our local needs and their alignment to state standards. Intervention materials from the adopted curricula are utilized for students requiring additional support, along with additional research-based, state standards-aligned digital and print materials. Teachers receive training in the implementation of these materials with fidelity.

CVUSD teachers and schools employ Tier 2 interventions, in addition to Tier 1 instruction, for students who demonstrate a need for additional support. These intervention materials are aligned to the state standards. English learners are provided with intervention programs, including Smarty Ants, Imagine Learning, and Achieve 3000 designed for English Learners and EL instructional strategies for elementary and middle school students. Students with disabilities use various online programs (eg. Seesaw, Boom Cards, UNIQUE) to determine which one provides for the highest level of student engagement and access

Guided Studies classes are provided at the middle school level to support students in ELA and Math. At the high school level, various intervention strategies are implemented for students including academic academies, IXL Math and Oasis classes for academic support in ELA, math and other content areas. An online tutoring program has also been created for peer tutoring in various academic areas.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

CVUSD teachers employ a range of instructional strategies to engage all students in meeting the California State Standards. District and school site staff regularly review, analyze, and develop actions based on data for “overall” student performance and also by the achievement of all student groups. Every secondary school employs forms of Professional Learning Communities (PLCs) to engage in on-going steps to support underperforming students in the regular program. CVUSD’s LCAP Goal 1 provides secondary schools with funding to provide targeted academic intervention for any underperforming student before, during, or after-school.

Appropriate interventions are available to all CVHS students. The faculty holds ACTIVE meetings twice per month to discuss struggling students and to identify appropriate interventions that will help the students meet academic standards. The school counselor and administration regularly intervene with assistance and communication with families. Student Study Team Meetings are called regularly when a more formal and concentrated intervention is needed. Students are also referred to the district's Breakthrough Assistance Program when the family or school personnel recognizes behaviors or circumstances that put the student severely at risk.

Evidence-based educational practices to raise student achievement

The following research-based educational practices are utilized: Universal Design for Learning, Multi-Tiered Systems of Support (MTSS), PLC’s,, Designated and Integrated ELD, differentiated instruction, Webb’s Depth of Knowledge, guided reading, academic language instruction, formative assessment, co-constructed rubrics, corrective feedback, learning goals, check for understanding, student investigations, inquiry-based learning, and cooperative learning.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Site Bilingual Facilitators, School Social Workers, and Title 1 Outreach Assistants provide support to parents/families to support student engagement. They provide training and support related to Canvas, Zoom, and Seesaw for families. In addition, they support families in creating a successful home learning environment, as well as trauma and mental health resources. Parent English as a Second Language classes are offered during the school year through Title 1 Outreach. Student Support Services department provides ongoing parent webinars to connect parents to school and to understand developing programs.

A CVUSD team member reached out to all families experiencing homelessness in the month of August. The purpose of the outreach was to determine if the students had access to school supplies, clothing/toiletries and to provide any needed support with the return to school. This personal outreach was also intended to share the name and contact information of their student's school site foster and homeless liaison.

In September, the District foster and homeless liaison worked with each site liaison to reach out to foster and homeless student/family to check in on students attendance and to introduce themselves to their school liaison. The District liaison serves as a connection to community agencies that are able to provide additional support in the areas of temporary housing, rent assistance, and free meals. The District liaison personally connects families to the community agencies in the area of need. Throughout the school year, the school site foster and homeless liaisons will connect with foster and homeless students/families every month to assess attendance, general well-being, and any change in needs.

Conejo Valley High School conducts personalized enrollment meetings for each individual student and their guardian(s). These enrollment meetings allow us to work closely with the parent and outline the academic and emotional supports that are available to students including our wellness counselor, support groups, Breakthrough, and CRPD Teen Outreach. These enrollment meetings often also reveal additional issues impacting the student and their families including homelessness, emotional concerns, drug involvement, trauma, and financial concerns that inform the school in providing targeted supports. Once enrolled the school practices daily phone calls home to inform the parent of student absence, if the parent has not notified the school. Parents with students who have chronic absenteeism receive home visits from school personnel. parents also participate in Student Study Team meetings and School Attendance Review Team meeting to try to resolve academic, behavioral, and/or attendance concerns.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Conejo Valley High School has an active School Site Council (SSC). This leadership body help set the goals of the school and actively work to increase parent involvement on campus. SSC oversees the creation, implementation, and evaluation of Conejo Valley High School's SPSA during their regularly-scheduled meetings, all of which are open to the public. Parents have many involvement opportunities and representation through School Site Council (SSC) and with Parent Education classes facilitated by our Outreach Assistant and community partnerships. Parents are also encouraged to volunteer at school and attend events. Our Special Education District Advisory Council (SEDAC) representatives offer involvement and connection opportunities for parents. Conejo Valley High School's parent DAC, GATE-DAC, and DELAC representatives participate in district-level meetings and report back to the SSC, enriching our district-site level communication.

In addition to the feedback CVHS receives from the SSC, input from the Student Senate, the faculty, and school leadership is valued in creating school goals and allocation of fiscal resources tied to ConApp Programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical Funds in CVUSD:

EIA funds are used to provide additional support and technology in the classroom.

EEF funds are used to provide professional development opportunities for teachers. ELAC has approved the use of these funds.

LCFF monies are all tied to LCAP goals and approved by our leadership team and school site council.

See goals and budget pages as part of SPSA.

Fiscal support (EPC)

The site receives federal funding in the form of EIA and EE.. All fiscal decisions are constructed through ELAC and EL team meetings. All other funds come from LCFF. See goals and budget pages as part of SPSA.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Progress toward SPSA 2021-22 goals, relevant student data, LCAP alignment and goals for 2022-23 were reviewed and discussed with the School Site Council on March 16, April 27, and May 25, 2022. Goals for 22-23 were reviewed and the initial draft of the SPSA was presented, discussed and approved at the SSC on August 17, 2022. Additionally, the faculty dedicated Common Planning Time to evaluate data and to discussion of potential revision and updates to our goals and actions.

Faculty, Department and Leadership Team meetings held in April, May and August 2022 also dedicated time for the same purpose.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	18-19	19-20	20-21
Grade 9		8	2
Grade 10	2	36	17
Grade 11	36	38	53
Grade 12	64	20	24
Total Enrollment	102	102	96

Conclusions based on this data:

1. Hispanic/Latino enrollment has steadily increased for the past three years. CVHS has a significantly higher percentage of Hispanic/Latino students than the overall district enrollment percentage at the high school level.
2. Grade level discrepancy between 2018-19 and the two following years is primarily due to a new practice of identifying student grade level by the amount of credits earned.

Reclassified Fluent English Proficient (RFEP)	3	0	2	37.5%	0.0%	28.6%

Conclusions based on this data:

1. Our Fluent English Proficient (FEP) enrollment percentage has continued to grow over the past three school years.
2. Our Reclassified Fluent English Proficient (RFEP) increased over the past year and approached the percentage from 2018-19.

Conclusions based on this data:

1. Our number and percentage of students tested more than doubled over the previous year.
2. ELA performance on testing and in the classroom continues to be an area of concern for CVHS.
3. The percentage of students tested not meeting the standard also more than doubled.

Conclusions based on this data:

1. No data was provided by the state as CVHS does not have the necessary number of EL or RFEP to provide statistically relevant data.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

We are expecting updated reports to come from CDE in December 2022 and be available at www.caschooldashboard.org

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
96	58.3	4.2	1.0
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	4	4.2
Foster Youth	1	1.0
Homeless	6	6.3
Socioeconomically Disadvantaged	56	58.3
Students with Disabilities	22	22.9

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	2	2.1
American Indian or Alaska Native		
Asian	2	2.1
Filipino	2	2.1
Hispanic	64	66.7
Two or More Races	1	1.0
Native Hawaiian or Pacific Islander	1	1.0
White	24	25.0

Conclusions based on this data:

1. The CVHS enrollment for socioeconomically disadvantaged students 2019-20 remains disproportionate to the overall CVUSD enrollment percentage of socioeconomically disadvantaged students.
2. In 2019-20 Students with disabilities represented 11.8% of our student population.
3. Our Hispanic population remains our majority enrollment by ethnicity. While not included in the data above our Hispanic enrollment grew to 66.7% in 2020-21.

Conclusions based on this data:

1. Note that the data above is not current as the Dashboard has not been updated. The following conclusions are based on the Fall 2019 Dashboard, but we believe current data would reflect similar results.
2. Our College and Career Readiness numbers reflect the low numbers of students meeting a-g requirements or completing a career pathway.
3. Our graduation rate was 94% in 2019 which is very high when compared to continuation high schools with similar demographics.

Conclusions based on this data:

1. Since the CAASPP was not administered in 2019-20 and we do not have data at this time for 20-21 or 21-22 these results and conclusions are based on 2018-19 data.
2. Several of our subgroups did not have a sufficient number of scores to be considered statistically relevant. Thus no group increase or decrease is reported.
3. Overall our students continue to perform below standard. However, all subgroups who had more than 11 scores reflected an increase in scores.

- The largest declines when comparing 2018 and 2019 were with our Hispanic (-10%) and our Students with Disabilities (-18.9%) populations.
- The overall suspension rate declined by 4.8% after declining by 6% the previous year.. This represents a nearly 25% decrease for 2019 when compared to 2018.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Engagement

LEA/LCAP Goal

CVUSD LCAP GOAL 1: Implement targeted actions and services that support positive student outcomes -----

CVUSD LCAP GOAL 4: Enhance the social, emotional, and physical well-being for all students through targeted actions that support positive student outcomes -----

Goal 1

Conejo Valley High School will address learning loss and improve academic engagement by leveraging social and emotional learning to build important foundations for academic growth. The faculty will focus on strengthening relationships with every student and building community within the school setting. This will be measured by 50% of students meeting their MAP growth targets in reading and math, maintaining a graduation rate of 92% or better, and an increase of 2% in overall attendance and credit recovery rates.

Identified Need

CVHS students' access to learning has been severely impacted by the Covid 19 pandemic. The ultimate impact on student learning is unknown. However, it is anticipated that many students will have learning gaps and deficiencies. By addressing our student's social emotional well-being first we can lessen the impact of learning loss. Additionally, Chronic Absenteeism has increased for three consecutive years. With targeted interventions, recognition programs, student activities and professional development we believe we can build connections with students that will improve student engagement, and as a result, we will increase student attendance and credit recovery rate.

Annual Measurable Outcomes

Metric/Indicator

Baseline/Actual Outcome

Expected Outcome

Chronic Absenteeism/Average Daily Attendance

14% chronic absenteeism in 2018/19. Our overall daily attendance rate in 21-22 was 87%.

In 2022/23 chronic absenteeism will be 11% or lower and our daily attendance rate will increase by 2%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Average number of credits earned per quarter	The average number of credits earned per quarter in 2020-21 was 16.9. In 2021-2022 it was 21.2.	The average number of credits earned per quarter will increase by 2%.
MAP data	In 2021-22 76% of CVHS students reached their MAP ELA Growth Goal and 33% reached their Math Growth Goal.	50% or more of CVHS students will reach or exceed their individual MAP growth targets.
CAASPP data	2021-22 ELA: CVHS Mean Scale Score: 2496 Met standard: 16.48% 2021-22 Mathematics: CVHS Mean Scale Score: 2435 Met standard: 0.00% Detailed results by group or population are not currently available.	The overall ELA and Math average scores will increase by at least 25 points with the targeted populations scores consistent with the overall rate.
Graduation Rate	The last graduation rate reported by the state from 2021 indicates a a four year adjusted cohort graduation rate of 61.7%. Our locally determined graduation rate determined by the percentage of graduates from our total number of seniors enrolled was 90% in 2021 and 94% in 2022. Graduation rates among targeted populations are statistically consistent with the overall population.	Our state reported graduation rate will increase by 5% over the last reported percentage and remain consistent with targeted populations.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The focus of this goal is to address learning loss and improve academic engagement. We feel that that the strategies and activities outlined in our action plan were effective as our credit recovery rates increased significantly and our local graduation rate remained strong even though students came to us severely behind in credits.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

CVUSD provided student transportation; is not currently in place. CVHS will continue to work with district leadership to provide the data necessary to determine the necessity of transportation and, if needed, the format for that transportation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Quarterly student credit recovery rate increased by 25% in 22-23 when compared to the previous year. We attribute much of this increase to all students being back on campus on reconnecting with the faculty and staff. While we expect to reach the credit recovery goal in 22-23, a similar increase is unlikely. We have also added development of student portfolios to the action plan. We feel that the elements to be included in these portfolios will be valuable to our students in reaching academic goals and in preparing for their future. When established and monitored correctly the portfolios, which we will align with our student learning outcomes, would also be a valuable tool in helping us measure our success as a school.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Career and Technical Education

LEA/LCAP Goal

CVUSD LCAP GOAL 3: Provide communication and targeted outreach that informs the community of programs and opportunities that support positive student outcomes

CVUSD LCAP GOAL 4: Enhance the social, emotional, and physical well-being for all students through targeted actions that support positive student outcomes

Goal 2

Conejo Valley High School students will be prepared for college and career. College and career readiness will be demonstrated through the percentage of students enrolled in college preparatory courses, dual enrollments in community college, the number of students enrolled in CTE courses, students completing a career pathway, career interest surveys, and the development of personal roadmaps to the future.

Identified Need

While we believe our students benefit tremendously when they envision a positive future and can identify a path to a career, our College and Career DASS Dashboard does not reflect success in this area.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
DASS Dashboard for College and Career Readiness.	The DASS Dashboard showed that 0.0 % of CVHS students completed a career pathway in 2018-19.	3 or more students will complete a career pathway in 2022-23.
Percentage of graduates meeting A-G requirements.	2% of graduates of the class of 2022 met A-G requirements.	6% of graduates of the class of 23 will meet A-G requirements.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Development of student portfolios which include "Student Roadmaps".	Portfolios with "Student Roadmaps" have not been established at CVHS.	Implementation of portfolios for graduating seniors with "Student Roadmaps."
Dual enrollment in community college.	No CVHS students were dually enrolled in community college course in 21-22.	5 or more students will enroll in a community college course in 22-23.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

In 2021-22 Conejo Valley High School awarded several CTE based scholarships to our students and nearly doubled the enrollment in Financial Literacy. We worked cooperatively with the CEC and district CTE articulation to remain current with CTE trends, gain professional development and to ensure that our course titles and codes were aligned.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The DASS Dashboard has not been updated to reflect 2022-23 so we do not have that data as of this time. Funding for 2 of our 2022-23 CTE sections was provided through the CTEIG grant. Moving forward our ability to provide these CTE sections at CVHs is in jeopardy unless another source of funding is determined or funding can continue through CTE grants.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal for 2022-23 has been updated from 2021-22. In 21-22 the emphasis was in growing participation rates in CTE related courses and pathways. In reviewing the CTE data it was determined that our participation rates were very strong. However, pathway

completion and college and career readiness data was not reflecting the overall program success we expect. A-G completion rates have also been added. to the 2022-23 SPSA.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent Involvement and Communication

LEA/LCAP Goal

CVUSD LCAP GOAL 3: Provide communication and targeted outreach that informs the community of programs and opportunities that support positive student outcomes

Goal 3

Conejo Valley High School will provide additional communication and targeted outreach to increase family involvement and support positive student outcomes. This will be measured by the number of school communications, web-site updates, parent engagement at Back to School Night and student recognition programs, School Site Council participation, parent representation on district committees, parent involvement with our self-study, and parent survey responses.

Identified Need

There is a need to get more Conejo Valley High School parents involved in their student's education and representing CVHS on district committees.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
School-Wide Parent Communication	Quarterly Parent Newsletter.	Quarterly Parent Newsletter
School Site Council Meetings	Parent/Community attendance at SSC meetings was between 0 and 2 parents in 2019/20.	We will average 3 or more parent and community members at each SSC meeting in 2022/23.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Representation	CVHS was represented consistently at our school site council and DAC. We established a representative for AADAC in the spring. CVHS was not represented on SEDAC, ELAC or the LGBTQ+ council in 2021-22.	CVHS will be represented on all district advisory councils in 2022-23 and those representatives will report to the SSC.
Social Media Presence	@CVHS_Dragons Twitter account had 374 followers as of September 2022 and 57 posts.	Increase Twitter posts and followers by 20%.
Back to School Nights	Parents of 3 students participated in our remote Back to School in September of 2021.	15 or more parents will participate in our remote Back to School Night in September 2022. We will host a Second Back to School Night early in the second semester.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Conejo Valley High School successfully produced a quarterly newsletter using the SMORE application. Our office manager not only ensured that the newsletter was published, she also monitored the website daily and made sure it was updated regularly.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

While we had parents identified to represent CVHS on district committees and reminded them of upcoming meetings, we still had limited participation at those meetings. We anticipate that the establishment of a second semester Back to School Night will be important for families with students who have enrolled since the fall and will help to build our school community.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal for 2022-23 is consistent with 2019-20. No significant changes have been made as the School Site Council felt the goal and targets were still relevant. The adjustment in strategy to achieve greater parent participation on school and district committees will be a renewed commitment by the principal.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Student Support

LEA/LCAP Goal

CVUSD LCAP GOAL 2: Ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes

CVUSD LCAP GOAL 4: Enhance the social, emotional, and physical well-being for all students through targeted actions that support positive student outcomes

Goal 4

Conejo Valley High School will enhance student services that support the social, emotional and physical well-being of our entire student population as measured by schoolwide SEL lessons, counselor interactions, targeted student support groups, and a 5% decrease in referral, suspension and expulsion rates.

Identified Need

CVHS student severe behavioral incidents are often connected to social, emotional and physical well-being issues. By providing additional supports and connections to the school community we feel we can reduce suspensions and expulsion recommendations.

Home Visits	32 home visits were made by the assistant principal in 2021-22	Home visits will continue to be made as needed.
Wellness Room/Wellness Counselor	A wellness room for students was established in 2021/22. A new counselor has been assigned to support the general population as well as providing designated instructional counseling to students with disabilities.	20% of our population will access the wellness room and counselor. Targeted Wellness/support groups will meet during the lunch hour. Individual counseling will be scheduled during the school day.
Student Study Team and School Attendance Review Team Meetings	16 Student Study Team Meetings and 11 SART meetings were held in 2021-2022.	SST and/or SART meetings will be held for 20% of CVHS students in 2022/23.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

On the latest state provided overall suspension rate decreased from 19.1% in 2018 to 14.3% in 2019. The suspension rate was relatively consistent among targeted populations with all areas declining with the exception of the homeless population whose

suspension rate saw a slight increase. Our locally determined suspension rate was 1.9% in 2021-22. VCBH removed their drug and alcohol counselor in the fall of 2021 and did not provide a replacement for the remainder of the school year. While the VCBH was an important component of our student support system.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

While we maintained our student participation with youth outreach counselors, we did not increase participation as we had hoped. We conclude that the introduction of the Wellness Room/Counselor and the retirement of youth outreach counselor impacted the number of youth outreach referrals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal for 2022-23 is consistent with 2021-22. VCBH counseling, however, is not included in this plan as VCBH has not committed to providing a counselor for 2022-23.

LEA/LCAP Goal

CVUSD LCAP GOAL 1: Implement targeted actions and services that support positive student outcomes -----

CVUSD LCAP GOAL 2: Ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes -----

CVUSD LCAP GOAL 4: Enhance the social, emotional, and physical well-being for all students through targeted actions that support positive student outcomes -----

Goal 5

Conejo Valley High School will prioritize diversity, equity and inclusion (DEI) for all students. We will demonstrate progress through evidence of DEI professional development/collaboration and curriculum emphasis, maintaining a Least Restrictive Environment rate of 60% or better, and consistent data points between our overall population and identified subgroups.

Identified Need

It is a priority for Conejo Valley High School and the CVUSD to ensure all students are given the access and supports necessary to succeed to their maximum potential.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The latest graduation rate provided by DASS for 2020-21 is 90%. This is a 6% decrease from the previous year. This decrease in graduation rates appears consistent with a local and statewide reduction in graduation rates during the first full school year impacted by the COVID 19 pandemic. Our least restrictive environment rate improved by 5 percentage points over the previous year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

CVHS did not attend the CCEA conference as planned. Our school was awarded California Model Continuation High School status. Funds were reallocated so a team could attend the awards gala.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal for 2022-23 is consistent with 2021-22. No significant changes have been made as the School Site Council feels the goal is still relevant.

School Site Council Membership and Assurances

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school.

The (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 2 Other School Staff
- 4 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Martin Manzer	Principal
Sean MacDonald	Other School Staff
Catherine Kanney	Other School Staff
Michelle Taranto	Classroom Teacher
Krista Pettersson	Parent or Community Member
Tamarra Coleman	Parent or Community Member
Cynthia Spady	Parent or Community Member
Joe Riccio	Parent or Community Member
Yulia Carmona	Parent or Community Member
Dawn Stines	Other School Staff
Jorge Mendoza	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Advisory Council Recommendations

While some CVUSD advisory council representatives may not be voting members of SSC, individuals from advisory councils provide an important voice to reflect the diverse needs of all students in CVUSD and at the school site. The SSC sought and considered all recommendations from the following representatives before adopting this plan::

Signature	Committee or Advisory Group Name
	District Advisory Committee Representative
	English Learner Advisory Committee Representative
	School Site Representative
	Other: Additional SSC members provided electronic signatures by email approving the SPSA. Emails can be provided upon request.

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on September 7, 2022.

Attested:

	Principal, Martin Manzer on September 8, 2022
	SSC Chairperson, Krista Petterson on September 8, 2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
