COURSE TITLE: Broadcasting 1

Level of Difficulty	Estimated Homework	Prerequisites
Moderate	0-30 Minutes	**District:** No Prerequisites **Department Suggestion:** English 9 CP or higher

Course Description:

Broadcasting 1 is an introductory course that explores the broadcasting and video production industries. Students will learn the fundamentals of video production as it relates to broadcasting. Students will have the opportunity, through theory and hands-on training, to produce their own videos through a variety of projects. Students will learn to use industry standard software to create these videos. Career technical skills such as problem-solving, teamwork, professionalism, and ethics are integrated throughout the course projects. Students develop technical skills that are specific to the Design, Visual, and Media Arts industry sector. Upon successful completion of the course with a C or better, students will be qualified to participate in Broadcasting 2, which is responsible for our news show Panther TV. This class requires an extremely high level of responsibility. You will be using expensive and delicate equipment.

Grading:

Grades will be comprised of projects, tests, quizzes, and homework
