- Parent Speaker - Rocio Perez Turijan
- Questions

Project 2Inspire Program Description

- Project 2Inspire is a research-based program that focuses on providing parents with leadership and facilitation skills as well as content knowledge in areas that focus on effective communication, early childhood education, 21st century skills, college and career readiness, state standards, academic programs, etc.
- Cultivates our English Learner parents' capacity to foster the partnership between parents and the school system leading to significant gains in student achievement across the board.

Goals & Learning Outcomes for Project 2Inspire Participants

- Increases the leadership skills, knowledge development and educational commitment of parents to raise the academic achievements of their children.
- Increases the capacity of schools and districts to maintain a commitment to a high quality parent leadership program focused on student achievement.
- Develops the leadership skills of parents, as trainers of other parents, in schools.
- Strengthens partnerships between families, staff and community.
- Builds capacity of parents to actively engage in the LCAP process.
- Parents become positive change agents by motivating other parents to participate in school committees.

Structure of Project 2Inspire

- Title III federal funds support this program
- The Multilingual Learners and Equity Department oversees the program. The director is present at the trainings and is in constant communication with the Project 2Inspire staff.
- Recruitment efforts are initiated and continued by the school site staff throughout the program. Project 2Inspire personnel follow-up with parents to ensure they continue attending all of the required modules.

Carina Pivaral

Description of Parent Training Levels

Mastery Level	Expert Level	Multilingual Advanced Parent Leadership
In-depth knowledge of critical information about the California educational system and how it affects students and families	Participants must complete Mastery Level to participate in Expert Level trainings	Participants must complete the Expert Level to participate at this level.
Building positive bridges between teachers, schools, community and families	Focus on development and refinement of knowledge as well as leadership skills	There is an emphasis on efficient communication as well as collaboration and team formation
Parents are assigned an action plan to carry out after each module which encourages them to be proactive in their child's school and district	Several of these modules focus on presentations and how to effectively deliver them to other parents	Parents also get trained in organizational skills, such as managing appointments, decision-making and multitasking

Claudia Hernandez

Parent Participation from 2018 - 2021

Type of Training	2018-2019	2019-2020	2020-2021
Mastery Level	24	32	0
Expert Level	0*	24	14
Multilingual Parent Leadership	0*	0	10
Total Number of Parent Graduates	24	56	24

*The reason there is a 0 in the Expert and the Multilingual Parent Leadership sections is because participants needed to complete the mastery level, which there were none, as this was the first year of implementation.

2021-2022 School Year

- Project 2Inspire will continue to build capacity in parents in all three levels
- The goal is to train up to 50 parents this school year
- Updated curriculum will also be provided to our Multilingual Parent Leaders who have been trained to ensure that they continue to utilize up-to-date information that is relevant to our parents
- Our Multilingual Parent Leaders are now available this school year to present to other parents.

Multilingual Parent Leaders

- Several Multilingual Parent Leaders have already presented information on the following:
 - School/Parent/Student Technology as a Learning Tool
 - How parents can get involved in school committees
 - How the US educational system is different compared to other countries
- They will continue to work with Project 2Inspire this school year to ensure that their presentation content is updated and remains relevant
