

# Virtual Fun!

## What's a Virtual Friendship Troop?

While we work on permanent troop placement for your family, Friendship Troops allow your girl to experience Girl Scout programming, meet new friends, earn badges and patches, and explore all that Girl Scouts has to offer her...and you!

What else is awesome about Friendship Troops?

- She will meet other girls exploring Girl Scouts!
- Parents and guardians can attend as well!
- We have special information and activities each month for you and all her other supporters.
- Girl Scouts is just plain fun!

Once we identify permanent placement for you and your girl, she will proudly graduate from Friendship Troop and move to her new home troop.

Virtual Friendship Troop meetings are hosted once a week through Zoom. We will be working on a badge or patch every meeting that you will be able to add to your vest. Meetings are starting now! The first meeting will be the week of June 1st, and below you will find the days and times of future meetings. All levels welcome to join! Juliette's are welcomed!
