Community: Newbury Park High School stands nestled against the hills in the northwest corner of the Conejo Valley in Ventura County, CA, approximately forty miles north of Los Angeles. Built in 1967, the site is one of three comprehensive high schools in the Conejo Valley Unified School District. Much of Newbury Park is located within the boundaries of the City of Thousand Oaks. NPHS serves a suburban, middle-to upper-middle-class community and provides a four-year comprehensive program for a student population that is .07% African American, .1% American Indian or Alaska Native, 10.3% Asian, 1.6% Filipino, 25.8% Hispanic or Latino, .4% Native Hawaiian or Pacific Islander, 55.7% White, and 5.3% two or more races. With a diverse and growing student population of 2,100, the campus is home to a wide variety of programs and activities developed to meet the expanding educational needs and interests of our students in a district that educates nearly 20,000 students.

Curriculum: Our Mission Statement and six ESLRs (**Expected School wide Learning Results**) are: All NPHS graduates will be critical thinkers, effective communicators, knowledgeable problem solvers, and active community members. Panthers are taught to embody the four pillars of our mission: Nobility, Potential, Humanity, and Scholarship. The ESLRs are annually monitored for relevance and serve as overarching goals for daily interaction on campus. Written benchmarks determine the level of ESLR attainment in each content area. All instruction is aligned with state and district content and performance standard. Beginning in 2011 in conjunction with Corwin Press, a **21st Century Skills** overlay curriculum and Microsoft Cloud have been piloted to add to our already rigorous curriculum.

Newbury Park enjoys fierce community loyalty and a history of academic and co-curricular success. NPHS has consistently earned an Academic Performance Index in the **top 5% of the high schools in California**; as a result, we are a **California Distinguished School**, and we were named an **NCLB Blue Ribbon School in 2006**. Panthers consistently earn awards in the areas of yearbook, choir, band, drum line, color guard, Academic Decathlon, Mock Trial, speech and debate, journalism and athletics. More than 70 clubs provide opportunities for service and deepening interests for students.

Special Programs: NPHS is home to the oldest and largest **International Baccalaureate** program in the region; we also offer a full complement of **Advanced Placement** courses due to the high expectations of the community, the staff, and our students. A full-time teacher oversees DATA (our **Digital Arts and Technology Academy**), a school within a school that provides 21st century workplace skills and academic preparation for selected students; a full time Career Education teacher oversees the **Majors Program**, which offers students the opportunities and resources to explore their unique areas of interest, and to develop their career-related strengths and goals. The **Regional Occupation Program** is offered on-site and off-site. Our **Culinary Arts** students operate a restaurant, **Panther Café**, on campus, and many vibrant electives allow students to connect interests to potential careers as well as future educational needs in very real ways and many other programs and courses to challenge and support students to achieve at high levels. Each year, **approximately 70% of NPHS graduates enter colleges and universities** all over the world.

Culture: For years, NPHS was the smallest high school in the district; as a result, a culture of **unparalleled individualized support** is integral to our success. Counselors and teachers provide personal assistance to families with questions about courses, college, and private issues on a daily basis. Finding **open classroom doors** well into the evening hours is common. We work especially hard to **meet student needs**, especially those who are at-risk or whose first language is not English. We continuously identify obstacles to student achievement, implement action plans to address them, and work with the community to overcome them. **Community support** takes many forms: input from all stakeholders led to the development of our **block schedule**, a **tutorial/Homework Help**, and **intervention classes** for at-risk students. As a result of parent, community, staff, and student **collaboration**, **Panther Pride** has become more than a catchphrase; it is a way of life.
