

# Meeting Minutes

**April 28, 2021**

(Special Meeting Conducted via Zoom)

**In Attendance:**

- Megan Triplett, Principal
- Richard Fields, Chairperson
- Angela Foll, PFA
- Erika Gross, PFA
- Jen Fitzgerald, SEDAC
- Katrin Bergauer, ELAC
- Jen Marvin, Teacher
- Angela Bagnuolo, DAC

\*\*\*\*\*

**Public Comments:** none

**New Business**

- The district was given a grant to address learning loss during Covid. The special meeting was called to gather input from the SSC to help facilitate decisions about the distribution of funds
- 85% of funds will go to in person learning, 15% to remote
- Another metric also requires that 10% be used for paraprofessionals
- Funds must be used by 2022
- Funds will be allotted to the district and divided among the schools
- The funds will be used to address learning loss, extend learning time, provided academic services and pupil support

**Ideas for Funds:**

- Staffing, especially yard duty to help children transition back to recess
- Social Emotional Curriculum and extra support
- More access to school counselor
- Intervention
- Support for MAGIC minutes or something similar
- More teachers for smaller classes (concerns were raised about not having enough funds to impact a large number of students)
- Math support staff
- Field trips
- Furniture (i.e. Individual desks) to facilitate centers and more room for students to move around
- Lunch tables
- Summer school
- Assessment to help teachers place students levels

**Major Discussion Points:**

## Meeting Minutes

- The majority of members were very concerned with the students' social/emotional well-being and mental health associated with the full time return to campus. Most hoped that the funding can be used to support these needs.
- Concerns were raised about using the funds to apply to things that can still be used once Covid ends. For example, desks will always be useful and extra staff will be an immense help no matter how long we can keep them. However, something like a Plexiglas dividers may not be needed in the future.

Next School Site Council meeting scheduled for May 12, 2021
